THE CAPITAL.

The Proposed Removal of Gen. Reynolds—Paying Interest on Bonds—Iowa Revenue Collector Resigned—Appointments—Public Debt—Legal Mix.

[By Telegraph to the Pittsburgh Gazette.]

WASHINGTON, Nov. 2, 1868.

GEN. REYNOLDS TO BE REMOVED.

The President has determined to remove Gen. Reynolds from command in Texas, for his assumption of authority in the case of the heirs of Clark, tried in a civil Court. He has not yet fixed upon a successor.

PAYING INTEREST ON BONDS.

Warrants for $23,735,382,50 in coin passed the Treasury Department to-day and were sent to various points to pay the matured annual interest on registered and coupon 5-20 bonds, which fell due on the 1st inst.

A LEGAL MIX.

Wm. Towers of this city was arrested on Saturday night, by Deputy Marshal Phillips on a warrant issued by the District Court of Michigan, and handed over to Deputy Marshal Parkhurst, of Michigan. Permission for him to obtain bail or sue out a writ of *habeas corpus* was refused. Towers was conveyed to Baltimore. Upon affidavit of John N. Oliver, Judge Wylie issued such writ, and upon ascertaining it could not be served, telegraphed to the Chief of Police in Baltimore that the outrage had been committed upon one of the most respectable citizens of Washington, and to arrest Parkhurst. This was done, when Parkhurst surrendered the prisoner and was discharged. Towers returned here and was discharged under a writ of *habeas corpus*, the Judge holding that the writ under which he was arrested on the same indictment which charges him with being concerned in the Postoffice frauds at Buffalo was void. Judge Wylie issued a warrant for the arrest of Parkhurst for kidnapping, but as he had left Baltimore it could not be executed. The case will be brought before the Grand Jury.

APPOINNTMENTS BY SECRETARY M'CULLOCH.

Secretary McCulloch to-day made the following appointments of internal revenue officers: Storekeepers—Jno. Markell, Twenty-fourth District of Pennsylvania; D. Phillips, First District of Illinois; George E. Parshall, Twenty-fourth District of Pennsylvania; Lewis Dorman, First District of Missouri. Guager—George R. Ryan, Fifth District of Missouri.

APPOINTMENT BY MR. EVARTS.

Mr. Evarts has assigned W. F. Peddrick to act as chief clerk in the Attorney General's office during the absence of Mr. Pleasant. Mr. Evarts left for New York to-night to vote there to-morrow.

PUBLIC DEBT.

The public debt statement will probably not be published till Friday or Saturday, full returns from various sources not having been received.

HAS RESIGNED.

Abbot Head, Collector of Internal Revenue for the Sixth Iowa District, has tendered his resignation.

ST. LOUIS.

Steamer Sunk—Indian Depredations—Five Desperadoes Hanged—New Gas Works.

[By Telegraph to the Pittsburgh Gazette.]

STEAMER SUNK.

ST. LOUIS, November 2.—The steamer Helena, loaded with government freight for Fort Randall, sunk on Saturday forty miles below Sioux City. Part of her cargo will be saved.

INDIAN DEPREDATIONS.

An Omaha dispatch says that the Indians displaced a rail on the Pacific Railroad, near Sidney, Saturday, by which a freight train was thrown from the track and a fireman killed. A wrecking train going west was obliged to return in consequence of the appearance of a large body of Indians. Troops from Forts McPherson and Russell have been sent to protect railroad men. All was quiet at last accounts.

DESPERADOES HANGED.

Five desperadoes were hung near Gilmore on Friday, by the Vigilance Committee. Joseph Musgrove, a notorious horse thief and murderer, captured near Fenton on the same day, has been surrendered to the military author ties at Fort Steele. He was disgu sed as an Indian, and is known to have a large band of Indians who stole at different times, hundreds of thousands of dollars worth of stock from the Government. He is believed to be the leader of the band who killed four whites, near Perry station, twenty miles South.

COAL FIELD TRAMWAY.

A Denver dispatch says that Mr. Weire, one of the Commissioners sent by Napoleon to examine the Colorado mines, has organized a company with a capital of one hundred thousand dollars to build a tramway from the coal fields, with a view to furnishing cheap fuel for smelting works. They also agree to construct gas works here within ninety days.

CANADA.

Heavy Gales—Vessels Destroyed.

[By Telegraph to the Pittsburgh Gazette.]

PORT COLBORNE, Canada, November 2.—The Captain of the schooner Grace Whitney reports passing sunken vessels off Port Barwell on Sunday morning. Three men were clinging to the masthead, but he could render them no assistance, owing to the gale and high seas.

The Captain of the Mountaineer reports seeing a large black bark, water logged, about forty miles southwest of Long Point. Four or five men were on her quarter deck. He endeavored for two hours to release them, but his efforts were in vain. He also saw another sunken vessel, with one man on board, to whom, as in the case of the others, it was impossible to extend help.

The Captain of the schooner Light Guard reports two barges, the Empire and Cleveland, supposed to be loaded with lumber, water-logged in the middle of the lake. He could see no person on board. These Captains say that on Friday and Saturday they had the heaviest weather they ever experienced.

About a dozen vessels arrived here to-day are all more or less damaged.

Sale of the Great Republic.

[By Telegraph to the Pittsburgh Gazette.]

ST. LOUIS, October 2.—The United States Circuit Court made an order to day for the sale of the steamer Great Republic, against which quite a number of debts are standing.

NEW YORK CITY.

Money Market—Boys Poisoned—Funeral of Mr. Gunther—The Proclamation of Mayor Hoffman—A Judge Arrested—Beecher on Baptism—More Arrests—Withdrawals—Further Precautions Against Riots—Counterfeiters Arrested—Houses Blown Down, &c., &c.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, November 2, 1868.

MONEY MARKET EASIER.

The crisis in the money stringency seems to have been passed, and an easier market is looked for after to-morrow. The payment of coin interest by the Government will strengthen the banks materially. The gold premium is down to thirty-three and a quarter. The total receipts here from customs last month was ten and a half millions. About a million in gold went to Europe last week.

SCHOOL BOYS POISONED.

Sixty pupils of Bisbee's military school, at Poughkeepsie, were taken sick with cramps and diarrhœa, on Saturday afternoon, and a panic prevailed for some time. Prompt measures were taken, however, and most of them are now well. Something was wrong with a dish of lead cheese that was heartily partaken of by the boys at dinner, and it is to undergo a minute examination.

BEECHER ON BAPTISM.

Henry Ward Beecher preached at Plymouth Church, Brooklyn, yesterday. Before commencing his sermon, he stated that by a formal vote of the Church, baptism was forbidden to any child one of whose parenrs was not a member of the Church, and he would conform to the instructions. He said although he did not believe in the propriety, outside of the Church he would administer the baptism to any child one of whose parents was a Christian.

ARREST OF PROMINENT OFFICIALS.

Forty-three arrests were made in Newark since the late election for illegal voting. It it said an equal number is yet to be arrested. A number of prominent officials and lawyers have been arrested at Newbury, New York, for alleged connection with fraudulent naturalization papers.

WITHDRAWAL OF CANDIDATES.

Governor Fenton remains here until after the election.

Dwight Townsend, one of the Democratic candidates in the First Congressional District, has withdrawn in favor of the other candidate, Henry A. Reeves. Wm. S. Hillyer, independent candidate in the Ninth District, has withdrawn in favor of John Savage, who is making a vigorous canvass against Fernando Wood.

SPECIAL POLICE.

Sheriff O'Brien has, it is stated, sworn in five thousand special deputies to preserve order to-morrow.

U. S. Marshal Murray is said to have also appointed special officers.

Sheriff Campbell, of Brooklyn, has under instructions of the Mayor sworn in two thousand deputies. The excitement at police headquarters continues, but nothing additional in relation to Superintendent Kennedy's order is made public.

Gen. McDowell has issued a circular requesting all officers from other commands visiting or temporarily residing in this city to report to his headquarters.

STILL MORE INDICTMENTS.

The United States Grand Jury have found nine additional indictments against persons charged with having disposed of fraudulent naturalization papers. Five of them are against Roserburg, each based on a naturalization paper, and others are against persons yet unarrested.

AND YET OTHERS.

Alderman Repper has been admitted to bail by Commissioner Betts in $50,000 on a similar charge. Several other parties were treated likewise in New York and Jersey City.

PIKE'S OPERA HOUSE SOLD.

Report says the Erie Railroad Company has bought Pike's Opera House for fifty-thousand dollars, and contemplate establishing their offices in the front of the building, renting the Opera House for a legitimate purposes.

LEGAL MATTERS.

The case of G. B. Lamar against Ex-Assistant Secretary of War Dana, claiming one hundred thousand dollars damages for false imprisonment was taken up to-day on motion to have the order removing the case to the United States set aside. The decision was reserved.

ALL QUIET IN GOTHAM.

The Police Commissioners held a meeting to-night, at which Mayor Hoffman was present, for the purpose of taking action in relation to the order issued by Superintendent Kennedy. The Board was equally divided and no action was taken. The city is perfectly quiet to-night. The preparations are complete for the election to-morrow, and the indications are that an unprecedented vote will be cast.

THE WEATHER.

Dispatches from large portions of the country up to midnight, represent the weather clear and cold.

COUNTERFEITERS ARRESTED.

Three of the most expert counterfeiters in the country, Hector Auger, Geo. St. Michael and Isaac Martereau, have been arrested at Lawrence, Mass., and taken to Boston for examination.

NO REQUISITION FROM GOV. GEARY.

Up to late this afternoon Governor Fenton had not received any requisition from Gov. Geary, of Pennsylvania, or learned anything new on the subject,

FUNERAL OF C. G. GUNTHER.

The funeral of C. G. Gunther, father of the ex-Mayor, will take place on Wednesday. He was worth two millions.

MAYOR HOFFMAM'S PROCLAMATION.

Mayor Hoffman's proclamation this morning will, it is feared, only serve to inflame the people,

ARREST OF JUDGE M'CUNN.

Judge McCunn and others have been arrested, by order of the grand jury, for abetting frauds in naturalization.

HOUSES BLOWN DOWN.

Two buildings in course of erection in Brooklyn were demolished by a gale last night.

No Quorum in the Alabama Legislature.

(By Telegraph to the Pittsburgh Gazette.)

MONTGOMERY, ALA., November 2.—The Legislature met to-day. There was no quorum present in the Upper House, and they adjourned until to-morrow. Both parties are showing great activity and the streets are crowded with negroes from the country, a great many of whom are minors. The election laws of this State forbid, under pain of fine and imprisonment, challenging of votes.

All Quiet in Savannah, Ga.

[By Telegraph to the Pittsburgh Gazette.]

AUGUSTA, GA., November 2—Everything is quiet and orderly at Savannah; both parties claim they will have a majority to-morrow in the election. Canvassing is progressing quietly. The weather is cold, and there was a slight frost last night.

SECOND EDITION.

FOUR O'CLOCK A. M.

FROM EUROPE.

Hudson's Bay Company's Claims Not Recognized—The Late Riots—Dissensions Among Spanish Democrats—Insurgents in Cuba Defeated—Financial and Commercial.

[By Telegraph to the Pittsburgh Gazette.]

GREAT BRITAIN.

CLAIMS NOT RECOGNIZED.

LONDON, November 2.—The British Government declines to recognize the rights claimed by the Hudson Bay Company in the territory between Canada and the Pacific coast.

THE LATE RIOTS.

The riots which occurred at Roterdam on Saturday were of a partial character. A quarrel arose between the citizens and police. The latter were overpowered, when troops were sent from Hague to restore order. A severe contest took place in the streets between the troops and people. Three men were killed and about one hundred wounded. Up to this morning sixty arrests of parties implicated have been made. The city is now quiet and under the guardianship of the military.

SPAIN.

REDUCTION OF THE ARMY.

MADRID, November 2.—A decree will soon be issued making a reduction in the number of the standing army.

DISSENSIONS AMONG DEMOCRATS.

Dissensions have broken out among the members of the Democratic party.

INSURRECTIONISTS DEFEATED.

HAVANA, November 2.—The government has received information, which is published in the *Jaceta*, which states that several skirmishes had taken place between the troops and insurrectionists, in all of which the troops were successful. All the disturbances have been confined to the locality in which they first broke ont, and the number of revoltionists is diminishing. The troops had stormed the town of Sycana and defeated the insurrectionists causing them to flee. The General commanding the Oriental Department reports that Quiros had met and defeated the insurgents between the towns of Baire and Jiguni, killing thirteen and capturing many arms and horses.

CONCESSIONS TO THE PEOPLE.

MADRID, November 2.—The Provisional Government has issued a decree sanctioning the holding of public meetings in places where the people have pronounced for the Government.

WANT A KING.

The city of Barcelonia desires to proclaim Esparataro King of Spain in case the Cartes should pronounce for a monarchy.

FRANCE.

WARNING TO THE PRESS.

PARIS, November 27.—The *Moniteur* to-day editorially reminds the journals which have been in the habit of criticising the government that such a course is forbidden.

Important Bank Decision.

[By Telegraph to the Pittsburgh Gazette.]

BOSTON, Nov. 2.—In the suit of the Merchants National Bank vs. State National Bank, originating in the late State irregularities, Judge Clifford to-day read an opinion of the Circuit Court and decided that the act of June, 1864, under which the National banks were created, conferred no authority on cashiers of banks to certify checks, and that power to certify checks for third parties was not inherent in the duties appertaining to the cashier. He also held that the 17th by-law of the State bank, which declared the duties of cashiers, did not confer any power on such person to certify checks of third parties, and in addition there appeared to be no question that the National banks generally could not certify checks. The Court, in view of these things, directed the jury to give a verdict for the State Bank. The counsel for the Merchants Bank immediately filed exceptions and the case will go to the U. S. Supreme Court for final adjudication.

More Fradulent Papers—Arrest of the Parties.

[By Telegraph to the Pittsburgh Gazette.]

TOLEDO, Ohio, November 2.—Six men were, to-day, arrested in this city for furnishing and using fraudulent naturalization papers issued by the Probate Judges of Henry, Wyandott and Crawford counties. Three of the parties have been bound over by United States Commissioner Osborn for trial at Cleveland, and the other three cases have been postponed till the fifth of November. None of the men using the papers were ever before the Judges who issued the same. It is understood that the Judges will at once be sent for and placed under arrest.

Seymour Around the Circle.

[By Telegraph to the Pittsburgh Gazette.]

TREAT BEND, Pa., Nov. 2.—Gov. Seymour has just finished his last campaign speech from under the porch of the Susquehanna Valley House.

UTICA, N. Y., Nov. 2.—Gov. Seymour arrived home this evening. He was called out and made a speech to his friends.

PHILADELPHIA.

(By Telegraph to the Pittsburgh Gazette.)

NO RIOTING APPREHENDED.

PHILADELPHIA, November 2.—This being the eve of the election the excitement is increasing, but it is believed that there will be no rioting. Neither the Mayor or Sheriff will appoint special officers, except for points where trouble is threatened.

NUMBER OF DEATHS.

There were nearly three hundred deaths in this city last week, an increase of sixty over the week previous.

DEMOCRATS PUBLISH A CARD.

A card published by George H. Biddle and other Democratic members of the Bar, expresses the opinion that it is the undoubted duty of election officers, when certificates of naturalization are presented having the Prothonotary's signature and seal of the Court, to receive such paper, and that any election officer rejecting such paper subjects himself to an action for damages and peril of a criminal prosecution.

PREPARATIONS FOR THE ELECTION.

The city is very quiet this evening. The politicans are engaged in folding tickets for to-morrow, and no meetings are being held. There is a deep feeling pervading all classes, which will call out a heavy vote, and the polls will be crowded at an early hour in the morning.

DISTRICT ATTORNEY MANN COMPLIMENTED.

District Attorney Mann presented the certificate of his successor, Furman Sheppard, in the Court of Common Pleas, today, who was sworn in. The Judges in taking leave of Mr. Mann each made very complimentary remarks as to the ability and energy displayed by him as District Attorney.

TENNESSLE.

Election Excitement—Girl Shoots Herself—Horse Races.

[By Telegraph to the Pittsburgh Gazette.]

MEMPHIS, November 2.—The excitement in regard to the election to-morrow still runs high. One wing of the Republican party charges Captain Sears, Commissioner of Registration, with using his office to defeat Munn. Large numbers of negroes have been coming into the city since yesterday morning. Five companies of the Second Infantry arrived this morning, which, together with the present force on duty here, together with the addition to the police force, will be amply sufficient to keep peace.

A waiter girl at the Varieties Theatre, named Rose Cole, formerly from Wisconsin, shot herself with a Derringer last night, inflicting a mortal wound.

A large number of well known horses have already arrived for the meeting on the Memphis course, which commencee on the 9th inst.

Man Drowned.

[By Telegraph to the Pittsburgh Gazette.]

BUFFALO, November 2.—Olie Olsan, a sailor on the bark J. C. King, was drowned yesterday as the vessel was entering port. The deceased was a Norwegian by birth and shipped at Chicago.

Important Seizure.

[By Telegraph to the Pittsburgh Gazette.]

BOSTON, November 2.—An important seizure of smuggled goods was made here on Saturday, consisting of two hundred cases of gin, brandy and wine.

Sixth U. P. Church, Allegheny—Dedication Yesterday.

The congregation of the Sixth U. P. Church, Allegheny, have erected a very neat and comfortable house of worship on the corner of Franklin and Chartiers streets, Sixth ward, Allegheny. The site on which the building is erected fronts sixty feet on Chartiers street, running back ninety-four feet along Franklin street. The building is of press brick, with cut stone facings and trimmings at the two front corners. Square buttresses rise to a height of several feet above the roof, each capped with a finely cut stone pinacle. Two other buttresses, similar in design and finish, rise on either side of the main entrance, while between them and immediately over the main entrance is a large quadrupled arched gothic window, which, in connection with two smaller ones, one on either side, furnishes light for the upper vestibule and gallery of the interior. The first floor of the edifice, entrance to which is gained through an arch stone, double dooring, is divided into a hall leading directly from the door to the lecture room. On either side of this hall is a large room, both of which are used by the Infant Sunday School department. The lecture room at the end of the hall is fitted up in an appropriate manner, with a pulpit stand, settees, gas chandeliers, &c., &c., and seems well adapted to the purpose for which it is used.

Two broad flights of stairs lead from the lower to the upper vestibule, from which access is gained to the main auditorium through small double doors on either side. The interior of the auditorium is handsomely frescoed in dark stone color, with Corinthian columns intervening between the windows. It is lighted with five double arch stained glass windows on either side. A handsome carpet covers the floors, which is occupied by three double tiers of pews, which are so arranged as to leave four aisles running the length of the room to the pulpit. The pulpit is in the regular style with gothic carved trimmings ornamenting the front and the whole painted a white color, which makes it present a very neat appearance. Commencing at the top of the side walls, two arches branch over and unite directly underdeath the comb of the roof, forming the ceiling, which is frescoed in a very tasteful manner. The auditorium is lighted at night with two gasoliers of Fink's pattern, each fixed in the centre of the arch and about thirty feet from the front and rear walls respectively. The wood-work of the pews is grand, in light oak imitation with solid walnut trimmings and cushioned. The whole interior of the edifice presents a decidedly cheerful and comfortable appearance, and reflects credit on the taste of those with whose direction it was finished and fitted up.

The estimated cost of the structure is $28,000. Mr. O. Kerr was the architect, and Messrs. D. S. Patterson, W. F. Trimble, James Gilland, James McGill and Hugh Forrester the Building Committee.

The dedicatory exercises took place on Sunday, and were of a very interesting character. Dr. J. T. Pressly preached the regular dedicatory sermon in the morning at 10½ o'clock to a large and attentive congregation. In the afternoon, Rev. J. B. Clark, D.D., occupied the pulpit, and at night the services were closed with a discourse by Rev. C. A. Dickey.

Notwithstanding the inclemency of the weather, large congregations were present at each service, to all of whom the occasion seemed to be one of great interest. Hereafter, regular Sabbath services will be conducted in the auditorium, by the pastor, Rev. A. D. Clark, D. D. The congregation can now rejoice in the possession of as neat and comfortable a church edifice as any in our vicinity, and have reason to be proud of the success which have crowned their efforts.

THE COURTS.

Supreme Court.

MONDAY, November 2.—Court met at ten o'clock A. M. Present, Chief Justice Thompson, Judges Read, Agnew, Sharswood and Williams.

The following opinions were delivered:

By Thompson, C. J.—Commonwealth vs. Elizabeth and Peter Bruner; Indiana Quarter Sessions. Application for an allocatur. Allocatur refused.

By Agnew, J.—Kelsey et al, vs. Tourtelette; Erie county. Reversed, and *ven. de novo* awarded.

By Sharswood, J.—James Steel's appeal; Westmoreland county. Decree awarding execution reversed at costs of appellees, and record remanded to the Court below for execution accordingly.

Joseph Steels et al's. appeal; Westmoreland county. Appeal dismissed and decree affirmed at the cost of the appellant.

John W. Green's appeal; Armstrong county. Appeal dismissed at the costs of the appellant.

The Allegheny list was called over and judgment of *non pros.* entered in the following cases:

Kann & Bro. vs. Furhr et al., C. P.; McAboy vs. Towle, C. P.; Nichols vs. Shriver, et al, C. P.; Tweddle vs. Marshall & Co., C. P.; McAnulty vs. Hindman, D. C.; Darlington & Co. vs. Smith, D. C.; Wallace vs. Sproull's Administrators, D. C.; Millingar vs. Gearing, D. C.; Pepperday et al., vs. Black, D. C.; Haigh's Appeal, C. P.; Reineman et al. vs. Adams Express Company, C. P.; Sproull's Administrator vs. Wallace, D. C.

The following cases were continued:

Road in Chartiers township, Allegheny county, Q. S.; Hill et. al. vs. Canfield, C. P.; Hoag vs. Bennett, et. al., D. C.

Josiah Cohen, of Pittsburgh, on motion of Thomas M. Marshall, Esq., was duly admitted and qualified to practice in this Court.

Foster vs. Irwin, C. P. By consent, decree affirmed.

Pittsburgh, Fort Wayne and Chicago Railway Company vs. Shaeffer, et. al., D. C. Argued by J. A. and W. H. Lowrie, for plaintiff in error, and by Acheson and Koethen, contra.

M'Cloy & Bro. vs. Maffett's administrator, D. C. Argued by Smith for plaintiff, and by Reed, contra.

Application for special allocatur in the case of Lewis Lane, convicted of murder, was called up for argument, but was postponed by request of counsel. It will be argued during the present week.

U. S. Court—Before Judge McCandless.

The case of Mary E. Sands, against whom a petition in bankruptcy was filed some time since, was concluded yesterday. It has been on trial for a number of days. The jury found that the facts set forth in the petition were not true.

Common Pleas—Full Bench.

The Court of Common Pleas met at ten o'clock yesterday morning, Judges Mellon, Stowe and Sterrett, on the bench. The following business was transacted:

George DeCamp, Esq., on motion of Judge Grier, was duly qualified and admitted to practice as an attorney in the several courts of this county.

IMPORTANT TO ELECTION BOARDS.

F. M. Magee, Esq., filed a bill in equity of Thomas B. Young vs. Peter Donnelly. The bill states that Mr. Young is a citizen of the Eighteenth ward, and that on the 13th of October, 1868, he was elected Judge of election in said ward, under the provisions of the act of Assembly, April 6th, 1867; and that by virtue of such election he is entitled to hold the general election to be held in the said ward on the 3rd day of November, for the Presidential electors. That the Defendant, Peter Donnelly, was elected on the 10th day of December, 1867, and his right terminated on the election of the plaintiff, but that notwithstanding that, he intends to hold the election on the 3d of November, for this reason, an injunction was asked for, to restrain the defendant from holding the election.

Mr. Magee spoke briefly in support of the bill, and was followed by Mr. Wm. B. Negley, who also advocated it.

Henry D. Foster replied, stating that he appeared as a citizen of Oakland township and not as attorney in this matter. He thought that the customs which had prevailed for many years would justify the defendant in holding the election.

C. W. Robb. Esq., thought the matter was of considerable importance and hoped the Court would give an opinion in the case in order that it might be published, so as to instruct the election officers in other wards.

THE QUESTION OF MARKED TICKETS.

Mr. Foster said, in closing his remarks, "I would like to file a cross-bill here, in the way of collateral issue, provided the Court will take it verbally. It is whether the act of Assembly providing for election by folded ballots, would prevent marked tickets being counted at the election."

Judge Mellon—That is a horse of another color.

Judge Stowe—You might as well raise the question of the constitutionality of the reconstruction acts.

Judge Sterrett—What do you mean by marked?

Mr. Foster—I mean so distinguished that a party could tell it some distance off, say three or four feet; for instance, take the case of a ticket printed specially in such type that a man knows when he sees the outside of it what ticket it is, the same as if he saw the inside. Suppose a man takes that ticket and knows if he votes it certain influences will be brought to bear upon him, what is the provision of the act of Assembly?

Judge Mellon—I suppose every man ought to write his own ticket.

Mr. Foster—I suppose there are some members of the party who cannot write. I think this matter is of more importance than the one before the Court.

The Court directed the injunction to restrain said Peter Donnelly from holding the election to issue and Judge Sterrett remarked that the Court was very clear that the officers, the Inspectors and Judges elected at the last general election—at the October election—should hold the present election.

HUMOROUS.

The Oil Trade—Important Circular.

The Oil trade is much excited, all owing, it is said, to the publication, a few days ago, of the following carefully prepared circular. It contains some salient points, which may be of interest to the general reader:

PETROLEUM CIRCULAR.

Fully appreciating the value of a reliable Petroleum Circular to the Trade here and elsewhere, and having great faith in Petroleum as an illuminator, and substitute for tallow dips, we have collected the following statistics of the Trade, at a great expenditure of time and money. Having a reasonable fear that our statements would be taken *cum grano salis*, we submitted the facts herein contained to several eminent gentlemen engaged in the Trade. They have offered no objection, and hence we feel justified in giving them to the public.

Our information has been compiled from he following sources, viz: Titusville *Herald*, Pittsburgh *Post*, the foreign circulars of Horhitz & Co., London; Kalbskopf, Leghorn; A. Mule, of Antwerp, and a mass of home Circulars issued by Ursa Major, Ursa Minor and Index on the one side, and Taurus Carbon Veritas and Observer on the other, and from our correspondents at Mosquito Bay, St. Petersburg and Hong Kong.

The first question that presents itself to the uninformed is, what has been done since January 1st? To this we reply—

There have been shipped to Europe	624,000,000 pts.
We have used for home consumption	672,000,000 gls.
Making the enormous total of	396,000,000 qts.
Against these enormous figures of consumption, we have an agerage daily production of 440,000 gallons, making a total for 300 days of	4,224,000,000 gls.
Adding to this the stock on hand, January 1, 1868	160,000,000 qts.
We have a total of	1,056,000,000 pts.
Leaving the present stock on hand	1,056,000,000 gls.

In making predictions regarding the prospects of the Petroleum Trade for the ensuing vear, much caution is required to prevent a *faux pas*. So many and such ridiculous failures have occurred in the prophetic branch of the circular business, that we *almost* hesitate giving our ideas publicity. However, we will not allow ourselves to be swayed by personal considerations, but will proceed to state a few facts, at the same time giving our authority for the same.

The large home consumption for the present year is due in a great measure to the political demonstrations of the past two months. Our estimates of the quantity consumed for political purposes are based upon *data* furnished by the Pittsburgh *Post*, and are as follows:

Number of Torches carried in the various Democratic processions throughout the country (by actual count)	3,426,821
Number of Torches carried in the various Republican processions throughout the country (by actual count)	23,179
Total	3,450,000

Allowing four (4) gills to each torch we have an extraordinary home consumption for 1868 of 1,725,000 quarts.

Inasmuch as the Democratic party is expected to merge into total darkness on the 4th of November, 1868, we must deduct from our estimate of next year's home consumption at least 3,426,821 pints.

ASSUMING, *a l'abandon*, the population of Europe, including Great Britain, to be 312,000,000, and the quantity of oil used by each inhabitant to be one pint per year, WE HAVE ALREADY SHIPPED OIL ENOUGH TO EUROPE TO LAST HER UNTIL JANUARY 1ST, 1871.

The vital question, "What then will become of our oil supply?" now presents itself, and is satisfactorily answered by our trustworthy correspondent at Mosquito Bay, who writes, "The Esquimaux are substituting Petroleum for fish and animal oils, owing to the high price of tallow, and the scarcity of seals and walrus in the northern seas."

Taking the number of Esquimaux (roughly estimated at 150,000,) and admitting that each person will take four drinks, or two quarts per day, moderate drinking, we may confidently expect the consumption in this unexpected quarter to reach the appaling annual total of 876,000,000 gills, which will amply repay us for the loss of the Democratic party, and next year's European trade.

We also have advices from our correspondent at Hong Kong, informing us that Petroleum is fast becoming a standard article of the Chinese toilet. At present its use is confined to those wearing the cue or pig tail, who are called "longs," in contradistinction to those devoid of the ornamental appendage, who are called "shorts." Computing the number of "longs" in the empire at 150,000,000, and the quantity required by each at one gill per month, we have an annual consumption in the Chinese Empire alone of 225,000,000 qts.

Adding to the above Minister Burlingame and his two European Secretaries of Legation, who are expected to assume the pig tail on or about Jan. 1st, we have an additional consumption of 36 gls.

Estimating the production for the ensuing year at 548,000,000 qts.

And deducting as follows:

Estimated Home Consumption	658,292,716 gls.
Shipm'ts to the Esquimaux	219,000,000 qts.
Demand for China	450,000,000 pts.

We have on hand as a basis for speculation, on the 1st January, 1870, 366,958 barrels, 31 gallons 1 quart 1 pint and 4 gills.

After a careful review of the above figures, and reasoning *a priori*, we cannot resist the belief that WE WILL SEE HIGHER PRICES NEXT YEAR, if the market does not decline.

PITTSBURGH, November 2, 1868.

P. S.—After going to press we received intelligence that an expedition of 4,000,000 serfs, with five gallon kegs on their backs, are now on their way to the port of Cronstadt from the interior, for a winter supply of Petroleum. If the above report is correct, the expedition from Cronstadt will rival the celebrated expeditions from Antwerp, Rotterdam, Bremen and Hamburg, of which we have heard so much. We are inclined to credit the report. *Verdad es verde.*

New Orleans Market.

Lard; prime scarce, with sales tierce at 19½c, and keg at 21¾a22c. Coffee; Rio firm at 16½a16¾c, and good at 15¾c.

Albany Cattle Market.

[By Telegraph to the Pittsburgh Gazette.]

ALBANY, November 2.—The Cattle market opens with considerable irregularity in prices and demand. Best extra are selling at top prices of last week, but inferior grades are ¼a¼c per pound lower; prices range from 4c to 9¼c outside for small lots very choice extra. Receipts thus far are 1200 lighter than last week. Sheep are in large supply, with light sales at 3a5c, and Lambs at 5½a6c; market dull.

Chicago Market.

By Telegraph to the Pittsburgh Gazette.]

CHICAGO, November 2—*Evening.*—Wheat to-night is quiet at $1,17a1,18 for No. 2. Nothing doing in Corn; held at 80c. Oats quiet at 45¼c.

THE LAST SHOT.

BY J. J. H.

Once more the hosts are gathering fast,
For one strong effort, and the last.
Oh! let the memory of the past,
In all its sad array—
The blood of martyrs, freely shed;
The hallow'd names of all our dead—
Make strong our hearts to-day.

What have we gained by battle's strife,
By treasure spent, and yielded life—
The grief of mother and of wife;
If we shall falter now?
Shall all our hopes of progress fail,
And wrong above the right prevail,
And triumph crown her brow?

No! by the heavens, above us spread;
By the high hopes of heroes dead;
By the blest light that time shall shed,
Around each glorious deed:
We'll stand as firm to day for right,
As stood our brothers in the fight—
In darkest hour of need.

MANUFACTURES.

—A large carpet factory is to be erected shortly at Hollyoke, Mass.

—A woolen mill is about to be erected at Sycamore, De Kalb county, Ill.

—The product of the Hecla Copper Mine was 143 tons for the first half of October.

—Loring & Tilton employ about 100 hands at their new boot and shoe factory in Detroit.

—The Suffolk tin can company is now turning three thousand paint cans a day in Boston.

—Galloway and Ogden's spoke factory, near Fond du Lac, Wis., was destroyed by fire last week.

—The mill of the Brattleboro (Vermont) Woolen Company turns out about $50,000 worth of balmoral skirts per year.

—A whip factory in Westford, Mass., is being enlarged, so as to be able to turn out one hundred dozen whips per day.

—Suydam and Williams make about twenty dozen wood and cane seat chairs a day at their factory in Toledo, Ohio.

—Experience has shown that with the strictest economy the Boston and Albany Copper Mine cannot be profitably worked.

—A company has been formed in Jamestown, New York, with a capital of $50,000, for the manufacture of cane seat chairs.

—A cotton batting factory, which turns out about four hundred pounds of batting per day, has just been started at Toledo, Ohio.

—The sales of cotton goods by the mills in Lewiston, Me., during the quarter ending September 30th, 1868, amounted to $1,142,672.

—The Joy Mill in Delaware county, Pa., was established in 1773, manufactured printing paper for Benjamin Franklin, and is still at work.

—A large new woolen mill has been built and will soon start up in Pittsfield, Me., where there is also a bedstead factory, which makes 2,000 bedsteads yearly.

—In Gloversville, New York, immense numbers of gloves are made. Eight factories there turn out about 40,000 dozen pairs of various kinds of gloves per annum.

—Some capitalists of Chester, Pa., contemplate building an immense foundry in Philadelphia, on the river front, which shall be the largest in the United States.

—The Star Shuttle Sewing Machine Company employs about 400 hands at its four story brick factory in Cleveland, where about 600 machines are turned out weekly.

—Todd & Rafferty, of Patterson, New Jersey, manufacture the machinery that is used in rope walks, and send it to all parts of the world. They employ about four hundred men.

—Tucker & Co., have just begun to brew in their new brewery in Manchester, N. H. It is said to be one of the best in the country, but their ale is not as good as that of Pittsburgh.

—The Merrick thread company's mills at Hollyoke, Mass., having been greatly enlarged, now employs three hundred hands and manufactures 3,000 dozen spools of cotton thread per day.

—Gillender & Bennett's glass works in Philadelphia, cover an acre of ground and employ two hundred hands. The annual product of these works is valued at a quarter of a million of dollars.

—The Stanley Rule and Level Company has one factory in Brattleboro, Vt., and another in Connecticut, in each of which about 25 or 30 hands are employed making boxwood and ivory rules.

—Barnum's foundry, at Lime Rock, Connecticut, is turning out forty-five car wheels per day, weighing from 500 to 600 pounds each, for the Union Pacific Railroad. They are made of Connecticut iron.

—The Belknap Mills at Laconia, N. H., employ 300 hands, make quantities of flannels, cassimeres, scarfs, shawls, etc., besides manufacturing for sale about $100,000 worth of Thomas' looms per year.

—Eighteen hundred Singer Sewing Machines per week are made at Singer's Manufacturing Company's factory in New York, while at South Bend, Ind., 1,000 hands are to be employed in making cases alone.

—Last year Chicago burned 530,000 tons of coal, 130,000 tons of which came from Illinois and 400,000 tons from Ohio and Pennsylvania. Of this 170,000 tons were anthracite from Eastern Pennsylvania.

—The Bartlett White Lead and Zinc Company, of New Jersey, have recently obtained patents for their new method of producing white lead and zinc in chemical combination, and without the use of any acid.

—The Danforth Locomotive and Machine Company, of Patterson, New Jersey, turns out seventy locomotives and about $300,000 worth of cotton machinery yearly. Employment is given to about seven hundred hands.

—Greenleaf & Co., of Indianopolis, a few days ago, made the largest casting ever done in Indiana. It was a blowing cylinder for the Lafayette, Ind., Iron Works, was eleven feet along, and weighed 16,000 pounds.

—A condensed milk factory is nearly completed at Hawlyville, Conn., which is to use the milk of 300 cows, for which its owners have agreed to pay five cents a quart in winter and three cents a quart in summer.

—The Goulding Wool Spinning Machine Company has been organized in New York city, with a capital of $500,000, for the manufacture of the wool spinning machine recently invented and patented by James Goulding, of Worcester.

—The Springfield, Mass., watch factory contains three hundred thousand dollars worth of machinery, but because more competent workmen can not be obtained, but two hundred are employed, and but twenty-five watches per day are produced.

—The Etna and Neptune Iron Works have recently been consolidated with the Morgan Works, which now make marine boilers and engines, and cotton presses. 1,600 men is the full force at these works, but only 800 are at present employed.

—The Pasaic mills, at Patterson, New Jersey, are said to be the largest flax mills in this country. They employ three hundred and fifty hands and use about a ton and a half of flax per day. It is a branch of Barbour & Sons establishment, near Belfast, Ireland.

—Cupples and Marston, of St. Louis, have a large tub, bucket and keg works, which covers ten acres of ground and gives employment to seventy-five persons. They produce four hundred nail kegs per day, and about two hundred and fifty thousand water buckets a year.

—J. R. Bradstreet, the inventor of rubber moulding, has been manufacturing that article since 1856, since which time the demand has been steadily and largely on the increase, until last year when he sold 850,000 feet of it, consuming about twenty-two thousand pounds of rubber.

—The Delameter Iron Works of New York city, have recently been enlarged by the addition of a three story machine shop 150 feet long, and a blacksmith shop 165 by 150 feet. 400 hands are employed, and the works are kept generally busy in building and repairing marine engines.

—Five hundred woolen mill hands employed in Philadelphia, struck for higher wages yesterday week. There was recently an advance of fifteen per cent. in their wages, and the employers finding that advance impracticable, reduced their wages to their old standard, this was the cause of the strike.

—The new Mechanics' Mill, at Fall River, is nearly ready for the roof—the fifth story being almost finished. The boiler and engine house is about half done, and the chimney has ascended ninety feet. Four large upright tubular boilers will furnish the steam for the mill. The company are building a large number of tenement houses for their operatives.

—In 1784 the Elector of Saxony sent a small flock of sheep to the King of Spain. In 1809 some of the royal flocks were sold to raise money during the French invasion. The American consul at Lisbon bought 1,400 head and shipped them to the United States, and these were the progenitors of all the fine-wool sheep now in this country.

—The Detroit Bridge and Iron Works have five acres of shops on the line of the Michigan Central Railroad, where two hundred hands are employed. This company built the railroad bridge across the Mississippi river at Burlington, Iowa, and is now manufacturing the bridge which is to cross the same river at Quincy, Ill. 2,500 tons of wrought and 1,500 tons of cast iron were used in these two bridges.

—The owners of the Keystone Stove Works, at Erie, claim that they are the finest in Western Pennsylvania. The main building faces three hundred and twelve feet on one street, and one hundred and five on another. The moulding room is one hundred and seventy feet by eighty feet. The cupola has a capacity of twelve tons, and melts seven tons in eighty minutes. These works have only been in operation about one year, and have turned out twelve thousand stoves, melting for that purpose seven tons daily. Twenty thousand stoves a year is their full capacity.

The Metropolitan Underground Railway, of London, when finished, will form a complete circuit of the city. It is described as a continuous burrow, a succession of covered ways, with troughs of various lengths, at irregular intervals, open to the sky for light, but more especially for ventilation. There are 250 trains each way daily, running at intervals of about two minutes and a half during the busiest portion of the day. The traffic on the road, it is reported, has trebled in four years. In the half year ending June 30, 1867, the number of passengers carried was 11,488,358. The receipts are about $5,000 per mile. The first portion of this line was opened in 1863, and it is rapidly approaching final completion. Although the road is altogether below the surface of the street, every effort has been made, where practicable and not too expensive, to make the road open rather than covered. In one locality the company purchased five costly mansions in the course of erection. They were underpinned, and now rest upon the roof of the covered way under them. Numerous other large buildings have been similarly underpinned. Many difficulties are experienced, and much expense incurred, in avoiding sewers and gas and water mains. Where the superstructures are unusually heavy, extra strong roofs must be provided for the covered ways. In a length of less than three miles of railway more than 500,000 cubic yards of earth have been removed. The rails are of Bessemer steel, of a little over eighty-five pounds to the yard. The flange is more than six inches broad.

Fruit Trees.—When the farmers raise their own fruit trees from the seed (as they will in time if they rightly comprehend their own interest) it is never worth while to graft them in the nursery. Let them grow till you can ascertain what sort of fruit they will naturally produce. The famous Baldwin, or Packer apple was a come-by-chance. Had the original tree been cut off and grafted near the ground, according to the usual proceedings in the nurseries, the public could never have been benefitted by that valuable fruit. Mr. Upham, of Newton, gave us an apple which grew on a tree spontaneously produced on his premises, which has as fine a flavor as any apple we have tasted this season. An experienced nurseryman assures us that the best way to manage with apple seeds intended for sowing is to keep them in the fruit during the winter, and sow them in the spring.—*Horticulturist.*

A business man of Deiroit, who sent half a dozen cartes de visite of himself to friends in New York, was recently astonished to find one of them in the hands of his cook. She had received it from a fortune teller in New York, who advertised to send a true likeness of any young lady's future husband for the sum of fifty cents, which amount the cook had remitted and received her employer's likeness in return.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, November 2, 1868.

The general market continues dull and irregular, and the volume of business in in the aggregate is light. The demand for almost everything continues light being restricted mainly to supplying immediate wants, while so far as prices are concerned there are no material changes.

APPLES—Continue to dull with liberal arrivals, and a supply largely in excess of the demand; we continue to quote, however, at $2 to $3,50 per bbl.

APPLE BUTTER—Dull and unchanged at 75c, in kegs, and 80 to 85c, in crocks.

BUTTER—Is quiet and unchanged: sales in a regular way at30 to 35 for packed, and 38 to 40 for prime Roll.

CRANBERRIES—Western are offered at $15 to $16 per bbl, while prime eastern cultivated cannot be laid down here much below $21.

CIDER—Is dull and unchanged at $5 to $7 per bbl, as to quality and size of barrel.

CHESTNUTS—Scarce and higher, $6,25 to $6,50 per bushel.

EGGS—In good demand and we can report regular sales at 30.

HAY—Baled Hay is in good supply and dull but unchanged $25 to $30 for good to prime.

ONIONS—Very dull with a large supply; we continue to quote nominally at $4,00 to $4,50 per bbl for Red, and $5 for White.

SEEDS—Flaxseed is scarce and in steady demand at $2,50. Timothy seed dull with small sales at $3. Clover seed small sales at $8.

SALT—The demand has improved somewhat within the past week, but prices remain unchanged at $1,75 by the car load, and $1,90 to $2, in store.

PROVISIONS—There is but little doing in Bacon, and the season is about over, and stocks are well nigh exhausted. And what is true of Bacon is also true of Lard and Mess Pork. We can report some few small sales, however, at about former quotations.

LARD OIL—Unchanged at $1,25 for No. 2, and $1,50 for No. 1.

CHEESE—Is in fair demand, with regular sales at former quotations.

RIVER NEWS.

The Allegheny River very unexpectedly rose rapidly during Sunday night and yesterday forenoon, and at noon the Monongahela marks indicated over eight feet. Towards evening it appeared to be on a stand, though we should not be surprised to see it rising again to-day as it was reported that the Youghiogheny was swelling yesterday. There appears to have been little rain at the head waters of the Monongahela, as that stream as yet has risen but very little.

The weather yesterday was cloudy and old, and towards evening there were indications of snow.

The Bayard arrived from McKee's Rocks yesterday forenoon, where she had been laid, and was to have left for Parkersburg last evening.

Capt. Anawalt, left for Marietta, last night to bring up the Wild Duck and Bargess, and Capt. Darragh leaves for Cincinnati to-day to bring up the Bellevernon.

The Armenia, from Wheeling, and Armadillo, R. C. Gray, and J. N. McCullough, from Parkersburg, will doubtless arrive to-night or to-morrow. These boats have been laid up at the points named for some time waiting for water.

The Camelia, Capt. Poe, is announced to leave for Nashville forthwith.

The Armadillo, after arrival, will at once commence loading for New Orleans.

The towboat Fearless left for Cincinnati yesterday afternoon with a tow of coal.

The new steamer Arkansas, Captain A. H. Shaw, is up for New Orleans. As is generally known, Mr. A. C. McConnell will be the cashier on the new boat.

The Ida Rees, Capt. Stubblefield, is also announced for New Orleans and Trinity river (Texas).

The towboats Oil Valley, John Hanna, Brilliant, Louisville and Blue Lodge, left for Oil City yesterday.

The Grey Eagle, Capt. C. L. Brennan, is the regular packet for Parkersburg tomorrow leaving at noon.

—The Leni Leoti arrived on the 26th at New Orleans from Ouachita river, with 129 bales cotton. Captain McComas may yet, with perseverance, establish the boat in the trade.

—The closing of the season at St. Paul finds the two rival steamboat lines as full of fight as ever. The *Press* says: Cabin passage to almost any point on the river for the price of meals and beds.

—The Memphis *Bulletin* says: The Magenta objects to taking cotton for less than $1,50 per bale; she will wait, have her chimneys set up anew, and abide the turn of human events and the cotton market. She left on the 28th.

—The Thompson Dean was announced to leave St. Louis on Saturday for New Orleans. The *Democrat* says of this boat: This steamer, whose measure of displacement shows she will carry at least three thousand and thirty tons, goes out drawing scant five feet, with just 700 tons on board.

Gold closed in New York yesterday at 133¾.

SAID the rebel General LAWTON: "Everything the South wants is in the New York platform"! How does that suit the loyal North?

MORE DEMOCRATIC JUDGES arrested on the charge of criminal practices in naturalization! The notorious Judge MCCUNN, of New York, is now in custody. And the half is not yet told!

THE SAGE OF AUBURN gets no thanks from any quarter. Even ANDREW JOHNSON talks ungratefully of the first-rate notice given to him by his Secretary. Perhaps we shall hear to-morrow of a protest from Sunset COX.

A PROPOSITION from the Republicans at Columbus, Ohio, for mutual arrangements to prevent the repetition of the disorderly scenes witnessed at the October election, was rejected by the Democratic Committee. Of course!

THE Mobile *Tribune* relies "on the dagger of BRUTUS for Southern redemption. Having tried the pistol, it now reaches out for the knife." Let us make short work of this Democratic combination of assassins and traitors!

THE New York *World* said, the other day, that the Democratic ticket would be stronger with some other name substituted for that of BLAIR. The rest of the world prefers a ticket which sends SEYMOUR to keep BLAIR company in his retirement.

ONONDAGA is the brag Republican county of New York. They claim to have held one hundred and twenty meetings and that they will give 4,000 majority to-day. The Union men of Allegheny will treble the last, and have doubled the first of these figures.

SO FAR AS the returns from the elections are concerned, this evening's telegrams will be pleasant to read and pleasant to hear. But nothing of this sort will come from those far Southern States, where the devilish wickedness of Treason will make this day memorable in the bloodiest annals of the Republic. From those States, we need expect nothing but mobs, murder and Democracy.

THE GRAND JURY at Philadelphia has ignored all the bills of indictment against election officers who refused to admit the September naturalizations of the Supreme Court in that county. And, in a test case made before Judge BREWSTER, the latter held that officers justly refused votes which had been offered on the SNOWDEN papers, the latter having failed to recognize his own signature and the seal of his court. Our election officers will see that the advice to them to throw out all papers of that character, to-day, is amply sustained by high judicial authority.

ADD ANOTHER TO THE BLACK-LIST, and challenge all naturalization papers from Orange county, New York, bearing the Supreme Court seal. The Clerk, his Deputy and three or four lawyers of the county have been arrested by the Federal authorities, "charged with the issue of false certificates." The Pittsburgh *Post* will agree with us in considering it very remarkable that these criminals, like the score of other Judges and officials already reported under arrest, are all good Democrats!

Throw out all Orange county, N. Y., Supreme Court certificates to-day.

BY REFERENCE to our telegraphic dispatches, it will be seen that Judge READ, sitting in Nisi Prius, at Philadelphia, has declared an entire class of the naturalization certificates, which have been in circulation there, to be illegal and void. Officers of election are, therefore, compelled to reject all votes offered on certificates of that description.

Since writing the foregoing, we have received the dispatch subjoined, which covers the whole ground, to which the attention of the election-officers is especially invited:

(Copy of dispatch.)

PHILADELPHIA, November 2, 1868.

Judge Read, holding the Supreme Court at *Nisi Prius*, decided, to-day, that *all papers bearing the signature of James Ross Snowden, dated between September 13th and October 13th, of this year, are illegal and should be rejected at the polls.*

HOW MUCH BETTER?

That's the question! How much better will each township, precinct and ward of Allegheny county do for GRANT than she did for HARTRANFT? Poll every vote, early and sure!

GO EARLY TO THE POLLS.

Let every friend of his country's peace be on hand, at the polls, to-day, by nine o'clock A. M., and stay there until he has voted, and until he has witnessed the vote of each of his personal friends.

BRING UP THE RESERVES.

Two thousand Union men in Allegheny county staid at home from the last election. We want every vote of them for GRANT, and *you*, reader, should make it *your* personal business to see that no friend fails to be on hand.

REMEMBER THE BLACK LISTS.

Election-boards should bear in mind the lists already published by us of the swindling Courts and Judges in New York, Pennsylvania and Ohio. Look with suspicion upon all naturalization papers purporting to emanate from those quarters.

EXAMINE YOUR TICKETS.

Compare your tickets with that printed at the head of these columns. Have a good force of distributors picketed at all the approaches to the polls, and keep a sharp lookout for the frauds which Democracy lives by, and is bound to die by, after GRANT's election.

SHALL IT BE 12,000?

Somebody promised that Allegheny county would give GRANT and COLFAX a majority of TWELVE THOUSAND this day. It was a big promise, but the country looks for its fulfilment. Let us try to make it good. To do so would be worth the utmost efforts we can put forth. If we can get in our full vote, and confine the voting to men who have the legal right to vote, we can do it.

EVERY VOTE WANTED.

Remember, friends, that you had only ten thousand majority the other day, and that if you leave only five votes at home in each of the two thousand election districts of the State, you will feel sorry for it afterwards. Keep tally-lists constantly checked up, your vigilance committees on the *qui vive*, plenty of teams to send for absent voters, and do not touch your mid-day meal until you feel sure that all is well.

TAKE YOUR PAPERS WITH YOU:

We recommend to all our foreign-born citizens to have their papers of naturalization with them at the polls. There are so many glaring Democratic frauds in this line that it will be the duty of our friends to challenge all doubtful claims. By way of retort, the opposition will challenge every honest voter whose Democracy they are not sure of. Be prepared for them, therefore, by having your papers ready!

A LAST WORD.

Before another daily issue of the GAZETTE can be placed in the hands of our readers, the people of this country will have elected one of the two candidates placed before them for the Presidency of the United States. The citizen who wavers at this, the last hour, and hesitates to make choice has not been an apt student in political matters, for the issues involved have been freely and ably discussed by the orators and press representing each party. The Democracy presents the platform of Repudiation, Equal Taxation and the undoing of all that has been done in the lately rebellious States towards reconstruction by a Republican Congress. The policy of Repudiation is calculated to unsettle financial matters at home, ruin the National credit abroad, and bring a financial panic of an alarming character to our doors. Equal taxation proposes to lift from the capitalist the burdens he now willingly bears and to distribute them equally on the toiling millions, the mechanics, laboring men and farmers. Undoing what Congress has done in the process of reconstruction throughout the Southern States, means an unsettling of society in that portion of our country, and returning the lately emancipated element into subjection worse than the slavery they formerly endured. It means war—bitter, merciless, cruel proscription of the loyal whites of the South, and the cold blooded murder of the blacks where they dare assert their manhood. Vote for SEYMOUR and BLAIR and you invite a terrible condition of affairs for your country, and, if they happen to be elected, before God and man you will be responsible for the ruin and misery in which that event will involve the nation.

The Republican party presents quite a different platform of principles for the consideration of the intelligent voter. It asserts that Peace should reign supreme from one end of the country to the other; that the life, liberty and happiness of all the people of these States shall be secured, guaranteed and protected by the National Government; that the pecuniary obligations incurred by the nation in suppressing rebellion should be recognized as binding upon the people and should be discharged fairly and fully in the letter and spirit of the contract by which assumed; that Congress shall be sustained in its work of reconstruction in those States lately engaged in rebellion, and that the prosperity of the nation shall not again be imperilled by unsettling and undoing the work in that direction already accomplished. The citizen in voting for GRANT and COLFAX votes for Peace and all the attendant blessings which must follow; in voting for SEYMOUR and BLAIR, he casts his ballot for another war and invites the terrible train of trouble, distress and disaster which must inevitably befall the country. The canvass has closed. In its heat and excitement we hope none have lost the power to exercise cool judgment and discrimination in choosing their candidates. Never before in the history of the nation has there been presented a more important issue to the American people, and it behooves all to exercise this day the high privilege of electors, with full knowledge of the results to his country which may follow the verdict he helps to make up. Cautioning our readers to reflect calmly and without prejudice on the questions involved in this great election, we will await their action at the polls with no little interest and anxiety. We have striven to the best of our ability to fully discharge our duty throughout the campaign now closing, and to lay before our friends the true situation; and now we hope they will discharge their full duty.

WHAT SHALL BE DONE?

The political canvass which will close to-night has been marked by two features of much more than ordinary significance, and which must not be allowed to sink out of recollection in the Republican rejoicings which are to follow.

In the Southern States the Democratic managers early last spring instituted a system of terrorism with the view of silencing or driving thence every man of prominence who differed from them decidedly in opinion. The scheme was not to create a fictitious alarm by appeals to the imaginations of nervous and timid men. Much more than this was contemplated and actually carried into effect. The plan was by social ostracism, by interferences with legitimate business, by plunderings, assaults and batteries, arsons and cold-blooded murders to appall the hardy and courageous. This infamous conception has been resolutely carried out. How many homes have been invaded and destroyed, and how many lives have been ruthlessly taken, it is impossible definitely to compute; but atrocities have been multiplied, upon system, throughout ten States.

In Pennsylvania and several other of the Northern States the Democratic leaders calculated with great nicety the number of fraudulent votes it was necessary for them to poll in order to defeat GRANT and COLFAX, and they proceeded to the manufacture of those votes almost as openly as any lawful business was conducted. Corruption, fraud, counterfeiting, forgery and perjury were the instrumentalities they employed, and without the slightest apparent compunction. The readiness with which they found tens of thousands of men who were willing to use false certificates of naturalization and false registries, is one of the most extraordinary portents of the times.

Following the election to-day must come a redress of both these grievances. Crimes so bare-faced and wide-spread ought not to be endured, and will not be, unless the Republican party in its hour of triumph forgets its obligations to the laws and to the national safety and well-being. That it it will prove thus derelict we do not believe.

THE GREAT DEMOCRATIC SWINDLE.

The facts which have already transpired in this State, Ohio and New York, leave no room to doubt that the Democratic managers have concocted, and to some extent, have consummated, the most gigantic conspiracy, to overwhelm by fraud the suffrages of an honest people, ever known in the annals of the nation. These villainies are very elaborate, and yet are everywhere discovered to be uniform, in detail, requiring in all cases, for their success, the connivance of the Judges and other officials of the Courts; they are all chargable, so far as they are yet exposed, upon Democratic partizans, and all have been perpetrated for the promotion of a Democratic triumph. It is simply incredible that we should suppose them to be anything else but the workings of a carefully and deliberately contrived plot, emanating from one and the same head.

It is comfortable to hope that the partial exposure of this plot, before the election, may ensure its defeat. The GAZETTE has at least done its own duty in putting its readers and friends on the *qui vive* against the dishonored tribunals which are known to have been prostituted to this peculiar infamy. Let us all be to-day vigilant in prevention. The time is not far distant when we can consider the just punishment for these crimes.

BEFORE YOU VOTE,

This morning, read the annexed extract from a private letter, dater New Orleans, October 27th:

"Business has almost ceased. Rebellion has again, to all intents and purposes, raised her serpent head, determined as ever. Union men are shot down like dogs. Our military are as powerless as can be, on account of their sympathy with the leading rebel spirits, and the poor negroes are killed by hundreds. You can have no conception of the state of affairs here. Oh! that the people of the North would awake to the condition of affairs in the South. Ministers are murdered, and Sheriffs and Judges shot in their homes. Every Northern man is marked by the assassins detailed to follow him. Under the name of 'Democratic Clubs,' the old rebel military organizations are re-organized, which meet nightly to drill or to parade the streets, making pretexts for the slaughter of innocent negroes or Republicans; and yet men encouraging these things are reveling in the luxury of fat offices given them by the President, and Union, loyal and law-abiding citizens must stand one side or be shot. God grant that Grant and Colfax will be elected, and that they may have strength to perform the duties demanded of them, in securing protection of life at least in this distracted section of the country."

TO-DAY'S RESULT.

Planchette gave the subjoined revelations to one of our friends last night. It was a very hazardous piece of business on the part of that wonderful little fairy, thus to risk her reputation for prescience, and it is no more than right that she should stand or fall by it. Listen to her:

FOR GRANT AND COLFAX.

Maine	7	Minnesota	4
New Hampshire	5	Kansas	3
Vermont	5	Nebraska	3
Massachusetts	12	Nevada	3
Rhode Island	4	Tennessee	10
Connecticut	6	Missouri	11
Pennsylvania	26	North Carolina	9
Ohio	21	Florida	3
Indiana	13	West Virginia	5
Illinois	16	California	5
Michigan	8	Oregon	3
Wisconsin	8		
New Jersey	7	Total	205
Iowa	8		

FOR SEYMOUR AND BLAIR.

Delaware	3	Arkansas	5
Maryland	7	Louisiana	7
Kentucky	11	Georgia	9
South Carolina	6		
Alabama	8	Total	89
New York	33		

Total vote, 294. Necessary to a choice, 148. GRANT has it by more than a two-thirds vote. As to New York, it must be stated, in justice to Planchette, that her revelation was so ambiguously expressed as to be of very doubtful signification. Being able to spare it, we resign that vote to the opposition. Don't they wish they may get it?

THE TWO AMENDMENTS.

We reprint below the two articles, XIII and XIV, which have been adopted as amendments to the Federal Constitution. These embody and proclaim the great principles of Human Freedom, the Rights of the Citizen, Representation based upon and Equalized according to the Suffrage, the Disfranchisement of Perjured Rebels, the Inviolability of the Public Faith, and the Perpetual Exclusion of all Rebel claims. Herein are found all the issues to be decided to-day by the people. Will you vote for the men who uphold these principles, or for the rebel instruments selected for their overthrow? Answer at the polls to-day!

ARTICLE XIII.

Sec. 1. Neither slavery nor involuntary servitude, except as a punishment for crime, whereof the party shall have been duly convicted, shall exist within the United States, or any place subject to their jurisdiction.

Sec. 2. Congress shall have power to enforce this article by appropriate legislation.

ARTICLE XIV.

Section 1. All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the States in which they reside. No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States, nor shall any State deprive any person of life, liberty, or property without due process of law, nor deny to any person within its jurisdiction the equal protection of its laws.

Sec. 2. Representatives shall be apportioned among the several States according to their respective numbers, counting the whole number of persons in each State, excluding Indians not taxed. But when the right to vote at any election for choice of Electors for President and Vice President of the United States, Representatives in Congress, the executive and judicial officers of a State, or the members of the Legislature thereof, is denied to any of the male inhabitants of such State, being twenty-one years of age and citizens of the United States, or in any way abridged, except for participation in rebellion or other crime, the basis of representation therein shall be reduced in the proportion which the number of such male citizens shall bear to the whole number of male citizens twenty-one years of age in such State.

Sec. 3. No person shall be a Senator or Representative in Congress, or elector of President or Vice President, or hold any office, civil or military, under the United States, or under any State, who, having previously taken an oath as a member of Congress, or as any officer of the United States, or as a member of any State Legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid or comfort to the enemies thereof. But Congress may, by a vote of two-thirds of each House, remove such disability.

Sec. 4. The validity of the public debt of the United States, authorized by law, including debts incurred for payment of pensions and bounties for services in suppressing insurrection or rebellion, shall not be questioned. But neither the United States nor any State shall assume or pay any debt or obligation incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slaves. But all such debts, obligations, and claims shall be held illegal and void.

Sec. 5. The Congress shall have power to enforce by appropriate legislation the provisions of this article.

ANTHRACITE COAL.

While wheat and flour are receding in price anthracite coal has advanced within a few days a dollar a ton, with a fair prospect that it will go still higher. This will pinch the poor and those of moderate circumstances in all the seaboard cities and towns during the next winter.

Why has the price of anthracite coal thus enhanced? As long as the war lasted, and for a year after it closed, most unusual profits were made by all connected with the coal trade; by the miners as will as by the owners of mines. Chartered coal companies divided as much as sixty per centum upon their capital in a year, and put aside large surplusses as well. Individual owners made corresponding gains. Miners found no trouble in realizing ten dollars a day for their labor, and did not put in to exceed six hours of labor. This could not last. Consumers of coal were entitled, by the laws regulating commercial affairs, to compensations, and they obtained them.

Last year and the year before coal was marketed at net cost or below. Consequently proprietors were anxious to reduce the wages of operatives. Exorbitant gains one year, or for a succession of years, do not reconcile men to the idea of doing business with no profit or at an actual loss for a year following, much less for a number of years. Upon the same principle, workmen who have received high wages are never content to accept small ones even though the reduced rates may represent all the gains made in selling the products of their labor, or may involve actual loss to the employers.

Hence came strikes the present summer throughout Schuylkill and Carbon counties and a portion of Luzerne, in which many thousands of miners combined to put up wages. For weeks, if not for months, many mines ceased to send forth coal. The individual proprietors would not sell out investments made from the profits of former years and apply the proceeds to cover deficits in current business. The incorporated companies went on, paying dividends and covering losses, when any happened, by using their surplusses, but exhausting their mines without returns.

In this condition of affairs, the supply of coal on the market proved to be inadequate to the demand, and prices have gone up. This enables the individual operators to resume or extend business, paying the wages demanded.

The practice of the incorporated companies has been, and we believe, still is, to enter into contracts during the latter part of winter or the first part of spring, to supply parties with coal throughout the following season, specified amounts to be delivered each month. Of late some provisions have been introduced into these contracts to make the price depend from month to month, upon the condition of the market; but these stipulations are not altogether efficient. However, these companies are largely engaged in the retail trade, having extensive yards in New York, Brooklyn, Boston, and other large towns.

Looking ever the whole case we incline to the belief that the present advance will not be sustained.

THE Galveston *Bulletin* states that a prominent rebel of that city predicted the election of SEYMOUR and BLAIR to-day, and gave his reasons for it, saying:

The Democracy can spare from Delaware and Maryland enough to carry Pennsylvania, and from the 90,000 majority in Kentucky enough to carry Ohio and Indiana. They know exactly how many votes are needed, and they can import them.

This is precisely the calculation which was alluded to in the GAZETTE a fortnight since. There is no doubt that such is the Democratic programme for to-day, To-morrow will disclose its results.

Mrs. Jane G. Swisshelm's Last Work.

The announcement made a few days ago that the long talked of literary work from the pen of our gifted home authoress, Mrs. Jane G. Swisshelm, had been placed in the hands of the printer for publication, has caused considerable anxiety on the part of her many friends in this neighborhood to see the initial number. It is entitled "Margaret Merlyn," and is pronounced by accomplished critics who have read it through as the best production yet offered by Mrs. Swisshelm. It abounds in the home truths for which the author is noted, and which are here interwoven with a dramatic interest, and is unflagging to the end. It gives startling revelations of the inside workings of private benevolent institutions, and must be deeply interesting to all who would like to know what sometimes is done with the money paid to charitable societies. It will be commenced as a serial on the 26th inst., and run eight months in the *St. Cloud Journal*, the successor to Mrs. Swisshelm's *St. Cloud* (Minn.,) *Visitor*, which is now the largest paper, and has double the circulation of any other in northern Minnesota, and contains minute information of that most interesting portion of our unknown countries, "The Great Northwest." Terms of subscription, $2 per annum, in advance. Address, William B. Mitchell, St. Cloud, Minnesota. We trust the work will find as many readers as its high merit, brilliancy and truthfulness to life should warrant.

FIFTY CENTS PER BOX.

THE CONDITION OF THOUSANDS.

No appetite; no refreshing sleep; no cheerful thoughts; no disposition to labor; no inclination for society; no interest in anything; no desire to live, even; and yet no specific ailment which can be classed as a positive disease. Thousands, ay, tens of thousands, are in this condition—the martyrs of disabilities to which pathology assigns no technical name.

What is the source of their discomfort, mental and bodily? TORPOR OF THE STOMACH; and consequent upon that *langnor of the circulation, weakness of the nerves, and a clouded brain.* What does common sense suggest as a remedy for this deficiency in vital power? Clearly, a RE-VITALIZING MEDICINE—something that will stimulate, tone and sustain the broken-down energies of nature. HOSTETTER'S STOMACH BITTERS meet the case exactly. In this beneficent TONIC are combined all the ingredients necessary to change the condition of the system, and bring the dormant organs into healthful action. In the fall of the year, when the night-dews are chill and heavy, and the morning fogs are charged with miasma, the body, debilitated by the heats of summer, is particularly susceptible to unwholesome influences. At this season, of all others, therefore, *invigoration* is required, both as a safeguard against fever and ague and other malarious disorders, and as a preparation for the searching cold of winter. Dyspepsia, bilious complaints, nervous disorders, and distressing affections of the bowels, are always more or less prevalent in October and November, and the surest and safest means of averting them is a course of this purest, mildest, and most efficacious of all tonics and alternatives.

DISEASED LUNGS.

There is no doubt whatever that diseases of the lungs, or ulcers of whatever sort, on any of the internal organs may be and are frequently cured, and a complete condition of health established. If the elaborative functions, of which the stomach is the primary and most important one, are restored to a condition to do the repairing of the human system, ulcers or sores, whether upon the lungs, the liver, the kidneys or the bowels, or upon the legs, as is frequently the case, can be made to heal, and a complete standard of health re-established.

We have frequently seen these results from the use of Dr. KEYSER'S LUNG CURE, a pleasant and agreeable medicine, which will ripen up and carry out the animal economy all effete and used up material. Dr. KEYSER'S LUNG CURE is enriched by some of the most valuable plants and herbs known to be useful and curative in all deteriorated states of the human blood, and whilst it adds to its plasma, it at the same time stimulates, gently but effectively, the skin, the kidneys, the liver and the glandular system to sufficient action to enable the body to take on healthful action and eradicate the disease. The sick and afflicted should bear in mind the virtues of this great medicine, and if those who are sufficiently alive to the importance of health, will resort to it in the beginning of a cough or cold, there would be no failing into declines and rapid consumption, so hopelessly incurable, and so most surely fatal. Let any one afflicted with any pulmonary disease try but one bottle, and they will be convinced of the value of Dr. KEYSER'S LUNG CURE. Sold by the gross, dozen or single bottle, at Dr. KEYSER'S Great Medicine Store, 140 Wood St.

AN AUTOGRAPH LETTER FROM

GEORGE D. PRENTICE, Esq.,

Editor of the "Louisville Journal."

LOUISVILLE, Nov. 5th, 1866.

DR. LIGHTHILL—DEAR SIR: I am very sorry to learn that you contemplate leaving Louisville at the end of the present week. I earnestly wish that your engagement elsewhere might permit you to remain here for a longer time.

Your sojourn among us, Dr. Lighthill, will be long remembered by our people. It has been a blessing to many. You have treated me and a female member of my family with great success. You seem to me to understand, as by intuition, the character of a malady and its best remedy. You have a multitude of patients in this city, and I have not seen or heard of one to whom you held out the promise of relief without rendering it. Your entire practice among us has been a brilliant success, and I cheerfully recommend you to my friends and the public at large as a physician deserving the utmost confidence.

Hoping that you may live long to be a blessing to additional thousands of the afflicted, I am, very truly, yours, GEORGE D. PRENTICE.

TESTIMONIAL FROM THE

REV, JOHN NOTT, D. D.,

Professor in Union College, Schenectady.

SCHENECTADY, January 17th, 1866.

DR. LIGHTHILL—SIR: Having been cured by you of a discharge in an ear, which has been very offensive of late, and, far back as I can rememoer, always more or less so, and having been entirely restored to hearing since under your care, I feel that I cannot withhold this acknowledgment from any use it may be to others, especially as I have applied in vain to my family physician and other physicians of reputation. Yours truly,

JOHN NOTT.

LETTER FROM

C. C. WAITE, Esq.,

Proprietor of the Sherman House, Chicago.

CHICAGO, November 6th, 1868.

DR. LIGHTHILL—DEAR SIR: I wish to express to you the appreciation of your skill as a practitioner, particularly in the relief afforded many afflicted with Catarrh; I, myself, having received permanent benefit from your treatment. Congratulating the afflicted in the West of an opportunity to avail themselves of your invaluable services, and wishing you much success, I am, yours very truly,

C. C. WAITE.

LETTER FROM

CAPT. SILAS F. MILLER,

Proprietor of the Burnett House, Cincinnati.

BURNETT HOUSE, February 9th, 1867.

TO MY FRIENDS AND THE PUBLIC:

It affords me great satisfaction to be able to testify to the success of Dr. Lighthill in the treatment of deafness, and express my sense of obligation to him. My hearing has been impaired for a number of years, at times to such an extent as to embarrass me seriously. Dr. Lighthill, under whose care I placed myself, has removed the difficulty completely, and restored me to perfect hearing.

T&F SILAS F. MILLER.

WHAT LEADING JOURNALS SAY.

THE RURAL NEW-YORKER will henceforth be published simultaneously here and at Rochester. Its Editor, Mr. D. D. T. MOORE, late Mayor of Rochester, has been nearly twenty years at its head, and has surrounded himself by a very able Corps of Assistants and Contributors. He has done a noble work for Agriculture in the West, and is now rapidly enlarging his field of usefulness.—*N. Y. Daily Tribune.*

THE RURAL as a newspaper enterprise has no parallel. It has gone on for years increasing in the favor of its patrons until it now has a *greater circulation by tens of thousands* than any other weekly in the country which gives prominence to Agriculture and the kindred branches of industry.—*Rochester Daily Union.*

MOORE'S RURAL is full of variety, original and select. We confess to a surprise at the variety and richness of its contents bountifully illustrated as it is. No paper on our list comes so near our ideas of perfection for a secular family paper. It maintains a high moral standard.—*New York Observer.*

WITHOUT exception, the best Agricultural and Family Newspaper. Mr. MOORE has lately received a $1,000 draft for one club of new subscribers.—*Minnesota Statesman.*

A MODEL PAPER for the farmers family. If we were to start a periodical again it would be in imitation of the RURAL NEW-YORKER.—*American Agriculturist.* no3:z97T

PROPOSAL.

The Commissioners appointed by the Senate and House of Representatives of the Commonwealth of Pennsylvania for the purpose of locating and building a

HOSPITAL FOR THE INSANE,

for the Northern District of Pennsylvania, having selected a site on the Susquehanna river in the vicinity of Danville, Montour county, Pennsylvania, will receive proposals until

TUESDAY, NOVEMBER 24th, 1868,

at noon, for the erection and construction of a Hospital with all its appurtenances upon said site in accordance with all the plans and specifications of John McArthur, Junior, Architect, adopted by them and approved by the Governor.

The plans and specifications can be examined at the office of the Architect, No. 205 SOUTH SIXTH STREET, Philadelphia, every day, (except Sunday,) between the hours of 9 A. M. and 5 P. M., until the time above mentioned for receiving bids.

Parties making Proposals, must furnish sureties, whose responsibility to the amount of $10,000 shall be certified to before a Justice of the Peace, that they will, in case their bid is accepted enter into a contract, within ten days from the time of opening the bids, with satisfactory security to the amount of $25,000 that the same will be fulfilled in a complete and satisfactory manner.

Proposals to be considered, must be in accordance with the printed form adopted by the Commissioners, which can be obtained from either of the Commissioners, the Superintendent of the Hospital or at the office of the Architect.

All bidders desiring information of the site are referred to Dr. S. S. Schultz, Superintendent of the Hospital, at Danville.

Proposals must be marked as such and sent to Isaac X. Grier, Esq., Danville, Pennsylvania, in whose office the bids will be opened in presence of such bidders as may be present on the evening of Tuesday, November 24, 1868.

The Commissioners reserve the right at their discretion to reject any or all bids not deemed to the interest of the Commonwealth or otherwise satisfactory to them.

JOSEPH A. REED, TRAILL GREEN, JOHN CURWEN, } Commissioners.

GOLD BONDS

OF THE

Central Pacific Railroad Co.,

A LIMITED QUANTITY of the **Thirty Year Six Per Cent. First Mortgage Bonds** of the Central Pacific Railroad Company are offered to investors, for the present,

At 103 and Accrued Interest, in Currency.

These Bonds are secured by a Trust Deed upon the most important link of the great Inter-Oceanic Railroad, two-thirds of which is already built, at a cost of nearly

ONE HUNDRED MILLIONS,

And which enjoys already a self-sustaining way traffic. The whole line of continuous rail between

NEW YORK AND SAN FRANCISCO,

Will be completed by July next, when an immense through business will undoubtedly follow. More than 1,300 MILES of the distance between the Missouri River and the Pacific Ocean are already traversed by the locomotive; and it is probable that 300 miles additional will be completed during the current year. The future of this Line, therefore, is unusually promising. The

Central Pacific Railroad Co.

Receive from the United States Government about ten millions of acres of the

PUBLIC LANDS,

Situated along the line of their Road; also a Subsidy Loan of U. S. SIX PER CENT. BONDS, averaging $85,000 per mile, as fast as the sections of twenty miles are completed. They have received in addition, important GRANTS from the State and cities of California, worth more than $3,000,000 IN GOLD. The proceeds of these Lands, Bonds, Capital Stock, Subscriptions, Subventions, and Net Earnings are invested in the enterprise, to which is added the amount realized from First Mortgage Bonds. THESE LATTER HAVE THE FIRST LIEN UPON THE WHOLE PROPERTY, and are issued to the same amount only as the Government advances, or to the extent of about one-third the cost value of the Road, equipment, etc.

The Cash Resources are abundant for the completion of the work, and the NET EARNINGS, FROM THE WAY TRAFFIC UPON 350 MILES NOW OPEN FOR BUSINESS, ARE MORE THAN DOUBLE THE CURRENT INTEREST LIABILITIES.

☞ Besides a mileage upon all through business, this Road, having the best lands for settlement, the most productive mines, the nearest markets, and being exempt from competition, will always command LARGE REVENUES, WHICH ARE WHOLLY IN COIN.

Two-thirds of the entire Loan is already marketed, and judging by past experience, the Loan will soon be closed. Investors who desire an unusually safe, reliable and profitable security would do well to purchase before the Bonds are all taken.

☞ The Company reserve the right to advance the price at any time; but all orders actually *in transitu* at the time of any such advance will be filled at present price. At this time they pay more than 8 per cent. upon the investment, and have, from National and State laws, guarantees superior to any other corporate securities now offered.

The First Mortgage Bonds are of $1,000 each, with semi-annual gold coupons attached, payable in July and January. Both INTEREST AND PRINCIPAL ARE MADE EXPRESSLY PAYABLE IN UNITED STATES GOLD COIN. The back interest from July 1st is charged only at the currency rates.

We receive all classes of Government Bonds at their full market rates, in exchange for the Central Pacific Railroad Bonds, thus enabling the holders to realize from 5 TO 10 PER CENT. PROFIT, and keep the principal of their investment equally secure, and receive the same rate of interest for a longer period.

Orders and inquiries will receive prompt attention. Information, Descriptive Pamphlets, etc., giving a full account of the Organization, Progress, Business and Prospects of the Enterprise furnished on application. Bonds sent by return Express at our cost.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, November 2, 1868.

Gold opened at 133½; under a stringent money market, and the payments of November coupons favored a further decline of the premium, quotations had reached 133, when a reaction set in, and 133⅜ to 133½, was bid for round lots. The demand for cash gold for shipment is large, since the market is bare of commercial bills, and bankers ask 110¼ to 110⅜ for their short bills on England, equal to the shipping expenses for gold. These shipments of coin may advance the rate of gold premium for a short period, but ultimately lower quotations may be expected, so soon as the effects of the cotton and produce shipments are felt in the exchange market. The state of the European market is favorable to a large investment in either government bonds or other enterprises, and the rate of interest, compared with that of Europe, and the present market price of the securities of the different States, there are certainly in favor of keeping European capital here, even for temporary investments.

Government bonds, under a sharp pinch in the market and a desire to realize, declined about one per cent to-day, but the offerings are freely taken, and an increased investment demand has sprung from all parts of the country.

The Presidential election to-morrow will decide the future price of bonds, and although we differ from the generally conceived ideas that bonds would advance from 8 to 10 per cent., a sharp reaction will undoubtedly set in. Why a permanent advance of our bonds of some 8 or 10 per cent. is almost an impossibility, may be inferred from the former experience, when gold was down to 125, and bonds commanded 78½ in Berlin and 80 in Faankfort, ex-interest; the present large operators have sold their options at 78 for either thirty or sixty days at 78½, interest added in Berlin, Leipzig, &c., and this will prevent any of the smaller dealers to bid higher. Paris may be an exception, but that market is regulated by Frankfort-on-the-Main. The

The manipulations of the fund markets of Europe differ from ours in this, that only differences are paid, and no bonds are actually exchanged facilitates speculations, even for the smallest operator.

Stocks kept remarkably firm to-day, under a stringent market. Erie remained strong at 40¼; Fort Wayne declined to 112, but rapidly advanced to 113½. North Western is strong, also Cleveland, and the Express shares and New York Central is the only weak stock.

Money commands 7 per cent., gold, for call loans, and discounts are 10 to 12 per cent. for anything except No. 1 paper. Business dull.

New York Cattle Market.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, November 2.—Cattle market: receipts for the week, 6,064 beeves; 38,404 sheep and lambs; 35,084 hogs. Cattle dull, and the supply is far in excess of the demand; prices ½c lower; prime to extra sold at 15a16c; the latter figures are an extreme; good at 13a14½; medium to fair at 11a13c; ordinary to inferior at 9a10½c. Sheep; common to medium grades dull and depressed; prime grades are firm; Lambs of low grades neglected; good stock much wanted; we quote sales at 4a6c for sheep, and 4¾a8c for lambs. Hogs lower, under large arrivals; market closing weak at 7½a8c for common to prime live weight, and 10a11c for dressed.

New York Dry Goods Market.

By Telegraph to the Pittsburgh Gazette.]

NEW YORK, November 2.—The dry goods market is generally quiet, but is steady apart from an advance of ½c per yard in prices of Lancaster prints by agents, but some fast styles are still being sold by jobbers at 11½a12c, which is below the market price for fresh patterns. Woolens very dull except for styles adapted for ladies suits and cloakings, which are active and at full prices.

ALLEGHENY CATTLE MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, November 2, 1868.

CATTLE.

The supply of Cattle was rather small to-day, the whole number on sale not exceeding eight hundred and fifty head. The market, however, was an excessively dull one, there being an almost total absence of foreign buyers, and the butchers took hold sparingly; considering the number, the quality was, if anything, a little better than usual, though, upon the whole, prices were scarcely up to last week. Some few extra Kentucky Cattle sold at 7½ to 7¾, but the number sold at these figures was very small. Good butchers stock may be quoted at 6¼ to 6½, and prime do at 6¾ to 7¼. Common and medium stock sold at 4½ to 5½, and inferior at 3½ to 4, the last named figures being for old cows, stags and bulls.

To-morrow being election day, no doubt, had much to do with the diminished supply, as well as the absence of eastern buyers, as dealers generally would remain at home this week in order to exercise their right of suffrage.

A. N. Wicks 17 head Butler county cows, heifers and steers at 3,50 to 5.

Trautman & Lobman 25 head Washington county steers at 6,25 to 7,25; 54 head Indiana and Ohio cows and steers at 4,50 to 5,50.

Peter Hartman 30 head Green county steers at 6,10 to 7,25.

Jas. McAllister 34 head Virginia and Ohio stock at 5 to 5,50.

Marks & Bro. 61 Penna. and Illinois stock at 6 to 7,25.

Smith & Blue 22 head Indiana heifers and steers at 4 to 5,25—sold for Tucker.

Holmes, Lafferty & Co. 30 head of mixed stock at 4,50 to 7,25.

H. Miller 17 head Allen county, Ohio, cows and steers, at an average of 4,50.

Hazlewood & Blackstock sold 17 head Kentucky steers and heifers at 5 to 7,75; 23 head Noble county, Ohio, for Ferguson, at 4,50 to 6; 13 scalawags at 4,30.

Jas. Hanlin 25 head Washington cows, heifers and steers at 3½ to 7c.

M. Verner 30 head Washington county steers at 6 to 7.

J. Rothchilds 17 head Ohio cows, heifers and bulls at 4½ to 4¾.

E. Katz 23 head inferior to good Ohio stock at 4 to 5,75.

Stakely & Bro. 19 head small heifers and steers at 3 to 4,50.

L. Rothchilds & Co. 45 head Chicago stock at 5,50 to 6,75.

Kraus & Haas 54 head Ohio and Illinois steers at 6,50 to 7,25.

Myers & Needy 62 head Ohio steers and heifers at 5,75 to 7,50.

Greenwald & Kahn 41 head Kentucky steers at 5,75 to 7; 20 Chicago steers at 5,50 to 6,25; 22 mixed stock at 4,50 to 5,75.

Jas. Dolan sold 10 head Beaver county common cows and steers at 4,25.

N. Carr 22 head at 5 to 5,50; also, 21 head at 4 to 5,25.

Hedges & Taylor 67 head of Indiana and Kentucky stock at 5,87 to 7.

SHEEP AND LAMBS.

There was again a full supply, and exceedingly hard market, the demand, as in the case of cattle being confined entirely to supplying the wants of the retail trade. Prices, however, have undergone no material change, prime fat Sheep brought a fair price, while scalawags, went very cheap. The following sales were reported.

Adam Eckert 125 head Sheep at $1,30 to $4,25.

Emmell & Walters 300 at $1,15 to $2,50.

Clark 184 head at $1 to $2.

C Thompson 240 Sheep at 50 cents to $4 per head.

J. R. Pringle 400 head at $1,00 to $1,75.

M. Flinner 170 head at 75 to $2,50.

C. Beeler 230 head at $1 to $2,50 per head.

J. Davis 105 head at 50 cents to $2,00.

M. Humes 120 averaging $1,25 per head.

P. Woods 167 averaging $1,50 per head.

A. J. Barker & Carter 180 head $1,50 to $2,75.

I. C. McNeese 170 head at 75 cents to $2.

Jos. Shaw 100 head—unsold.

J. Z. Seymour 22 head at $3.

Stakely & Bro. sold 117 at 87 cents per head.

HOGS.

There is a continued fair retail demand for this class of stock, and compared with last week, prices have shill further declined. We quote in a retail way at 8 to 9½, for fair to prime heavy averages.

Emerick & Co. retailed 200 at 8 to 9½.

C. Beyer 150 at 8 to 9¼.

J. R. thchilds 170 at 8 to 9½.

Myers & Needy 69 at 7¾ to 8¼.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTBURGH GAZETTE, MONDAY, November 2, 1868.

The market is quiet and devoid of any new or important characteristics worthy of special notice. The demand, as has been the case for some time past, is restricted almost entirely to suplying the immediate wants of consumers, while prices are nominally unchanged. We can report sales in lots of some two thousand barrels, (40 to 45 gravity) on spot at 11½; and 200 bbls "Smith's Ferry," on spot, also, at 11. On Saturday there was a sale of 600 bbls,—not previously reported at eleven cents, but this was doubtless sold irrespective of gravity.

REFINED.

The market, which closed firm at 29½ to 30c for spot oil on Saturday, broke down to-day, the best offers this afternoon being 28½ to 28¾c. This may be attributed to the failure of a large Philadelphia speculator, who, up to a late hour on Saturday zvening, it was thought, would go through all right. Subsequently, it was discovered, that he had failed to receive his oil, and, as a consequence, some fourteen or fifteen thousand barrels had to be thrown upon the market, which had the effect already noted. Quotations may be fairly given at 28½ to 28¾ for the first half, and 29 to 29¼ for the last half of November. For 1869, there seems to be nothing doing, and prices are entirely nominal.

FARM, GARDEN AND HOUSEHOLD.

THE HARVEST—OFFICIAL REPORT.

The Department of Agriculture have issued reports of the condition of the crops in October, which show that the full promise of the early summer has not been realized in the wheat harvest. The increase in the total quantity, as shown by the October returns, is scarcely more than three per cent., obtained mainly from the Pacific coast. The average from October show a decrease in production in Maine, New Hampshire, Massachusetts, Connecticut, New Jersey, North Carolina, South Carolina, Georgia, Alabama and Texas, the latter having only half a crop. The other States indicate an increase; in most of those east of the Mississippi very slight, in Minnesota thirteen per cent., Iowa six per cent., Missouri eight per cent., Nebraska thirteen per cent., Kansas twenty-three and California twenty-five per cent. Many places in different parts of the country, especially in Maryland and Wisconsin, report a disappointment in the yield of grain in thrashing. The disappointment, however, is sometimes in other directions.

The oats crop is light in the Eastern, Middle and Southern Atlantic States. There is not a full average in Michigan, Wisconsin and Iowa. In the other States the product is about the average, the largest increase being twenty-one per cent. in Nebraska. In Wisconsin the deficiency is nine per cent.

Considerable injury from frost to the corn crop is reported in Northern Indiana, Illinois, Iowa, and the mere northern latitudes. In some parts of Iowa an estimate of two-fifths of soft corn is made. From Southern Indiana, Southern Ohio, West Virginia and Pennsylvania come complaints of immaturity in consequence of wet weather, and few accounts of injury from drought are received. No general or very severe droughts have been reported. The total product will not be what was hoped in the early season, or what is needed for the country, with a rapidly increasing population, but somewhat larger in quantity than last year, which was a season peculiarly adverse to corn production.

The area of cotton is somewhat less than last year. Its culture has been better and the preparation for planting more complete, and labor more regular and reliable. As a general rule early in the season the promise was fine. Serious losses of late have been incurred, however, principally from depredations of the cotton caterpillar or army worm, which have proved more general and severe in Georgia than elsewhere, very troublesome in portions of Alabama and Mississippi, and somewhat prevalent in the Carolinas and in Arkansas. Heavy rains in Tennessee and the Southwest have caused anxiety, but did less damage than was expected. Returns indicate a smaller crop, possibly by fifteen or twenty per cent., than last year; but a complete estimate will not be made till the crop is gathered.

PRINTS ON APPLES AND PEARS.

A friend who has lately been on a visit to the "Hub of the Universe," writes to the Charleston *Courier* as follows:

I have just seen a very pretty and fanciful idea developed on pear and apple, in the orchard of a friend at West Roxbury, Mass. As you ramble among the trees, you are ever and anon saluted by an inscription upon the fruit, done as it were by the hands of Nature herself. On some you will find the names of Seymour and Blair, for our friend is a staunch Democrat, of the Conservative or States Rights' School.

Here you meet with the familiar name of Mary, or Ann, or a date, 1868—in brief, everything that may suggest itself to your taste or fancy; and all done in the skin of the fruit, without abrasion or any foreign impression. The discovery was made by the Hon. Arthur W. Austin, of West Roxbury, in 1851-2. He observed during the former year that apples did not redden, in that part of the fruit, where a leaf happened to lie upon it. In 1852 he cut out letters from newspapers, and when the apples were yet green, he pasted them upon the apples with paste such as apothecaries use, made of gum tragacanth. The apples would redden in all parts not covered by the pasted letters.

When the fruit had reddened to perfection the letters were removed, and they would appear permanently outlined in green. So, again, when he pasted on the apple a paper in which the letters were cut out, the parts covered by the paper would be green, and the letters would appear, distinctly turned in red, the green ground surrounding them. The experiment is a very pretty one, and produces a happy effect—let our fruit growers try it. How much sweeter must be the relish of apple or pear, if the name of a favorite should thus appear on it, as if written by the hand of Nature. What a superior price such fruit, so inscribed, would command in market, and what a pretty present it would be to any lady at a feast.

THE IMPORTANCE OF SELECTING GOOD SEED.

"Like produces like," is an axiom well sustained by experience. If you want to grow good crops you must begin by sowing good seed. It is poor economy for a farmer to sow or plant anything but the purest and best seed, merely because he has a poor article on hand, or can buy an inferior article at a low price. By such economy his crops will grow poorer and poorer every year, and so will the farmer.

Crops will degenerate more or less by continuing to sow or plant for a long series of years seed which has been grown from preceding crops from the same farm, or even in the same neighborhood. The general opinion with practical men is that seed taken from a more northern to a more southern climate would do better, mature earlier, and consequently be sooner out of the way of its enemies.

When you have even good seed of your own, and can get better by paying an extra price for it, get the better. Do not be satisfied with seed of standard weight, as fixed by law—the law is graduated to medium quality, and seed ought to be of higher standard.

The grains of seed wheat ought to be full and plump, with no weak or shrivelled seeds among it; nothing that will swim on water. Those weak grains if they grow at all, produce but a weak stock that only robs the stronger one of nutriment, and prevents a freer circulation of the atmosphere and sunshine—in fact are no better than weeds.

Seed corn should be selected on the stock or at the husking, (in the South shucking.) Select only from a stock that has two or more ears; of these take but one—the largest and best matured. If your crop does not yield stocks of this capacity reject the whole and procure seed for your next crop elsewhere, also manure well. In husking corn for seed, a few husks should be kept on, sufficient to form a loop by which it may be hung on a pole to cure without undergoing the heating process of a crib, by which the germ is often injured.

Grass seed should be selected with much care, and without that you will seldom get it pure. Timothy is easier selected pure than almost any other grass seed. To test the quality, wet your finger and dip it into the seed; a pretty fair sample will adhere to the finger when withdrawn, and give you a fair opportunitp of inspecting it.

Three new varieties have been introduced within the last year or two, the Surprise, the Norway, and the New Brunswick.

The threshing of this year's crop will do much towards settling the standard of their claims, respectively, to public favor. No doubt each one will do better in some neighborhoods than in others. Let each stand on its own merits.—*American Stock Journal.*

CLEANING TINWARE.—Acids should never be employed to clean tinware, because they attack the metal and remove it from the iron, of which it forms a thin coat. We refer to articles made of tin-plate, which consists of iron covered with tin. Rub the article first with rottenstone and sweet oil, the same as recommended for brass, then finish with whitening and a piece of soft leather. Articles made wholly of tin should be cleaned in the same manner. In a dry atmosphere planished tinware will remain bright for a long period, but they soon become tarnished in moist air.

THE editor of the *California Farmer* reminds those who raised fruit trees from the seed, that the character of the fruit and the future habits of the tree can be well judged by the early stock, the leaf, and the style of its growth; then when it has grown one year, if strong, and it has well ripened wood, cut off the strong leader and use the second healthy cut as a scion, then graft it into a young healthy tree, and the value of the new fruit can soon be known.

LIQUID BLACKING.—1. Take ivory black 5 oz., molasses 4 oz., sweet oil 3-4 oz., triturate until the oil is perfectly killed, then stir in gradually vinegar and beer bottom of each 1-4 pint, and continue the agitation until the mixture is complete. 2. Take ivory black 1 lb., molasses 3-4 lb., sperm oil 2 oz., beer and vinegar each 1 pint; proceed as before.

NEW YEAR'S COOKIES.—Three-quarters of a pound of butter, a pound of sugar, beat to a cream; add three eggs, one teacupful of sour milk, one teaspoonful of salaratus, one-half cup of caraway seeds, a little mace, and add flour to make it stiff enough to roll thin; cut in rounds. Roll this cake with a little fine sugar instead of flour, and bake a dout fifteen minutes.

SOME of the California papers estimate the present crop of wheat in that State at twenty million bushels. Eighteen years ago there were probably not twenty thousand bushels raised in all the territory now embraced in that State. The grain crops of Oregon are also larger this year than ever before.

TO CURE A FELON.—When indications of a felon appear, take a piece of rennet and soak it in warm milk until it becomes soft; then apply it to the part affected, renewing it occasionally, and keeping on till a cure is procured.

REV. R. DUNHAM, of Bryant's Pond, Me., raised a lot of mammoth squashes this season, the four largest of which weighed respectively 225 pounds, 205,163, 150. The largest of these girted seven and nine inches.

LIP SALVE.—Melt a lump of sugar in one and half tablespoonfuls of rose water; mix it with two tablespoonfuls of sweet oil, a piece of spermaceti half as large as an English walnut; simmer the whole and turn into boxes.

IT IS estimated that the capital invested in the dairy business in the United States at the present time is equal to six hundred millions of dollars.

A HORSE raised by Mr. Myers, Jackson county, Oregon, and sold by him for $300, recently trotted a mile in 2:36, and was sold for $4,200.

SHERIFF'S SALES.

BY VIRTUE OF SUNDRY EXECUTIONS issued out of the District Court of Allegheny county, Pennsylvania, and to the Sheriff of said county directed, there will be exposed to public sale, at the Court House, in the city of Pittsburgh, said county, on MONDAY, the 23d day of November, A. D., 1868, at 10 o'clock A. M., the following described real estate, to-wit:

All the right, title, interest and claim of John Grey, William Grey, John D. Grey and Thomas Grey, partners as John Grey & Co., of, in and to all that lot or piece of ground situate in Peebles township, Allegheny county and State of Pennsylvania, bounded and described as follows, to-wit: Beginning at a post on the line of land owned by John Grey & Co., and thence along the line of the Braddock's Field Plankroad, north, thirty degrees west one hundred and sixty-nine sixty-nine-one hundred feet to land owned by E. W. H. Schenley; thence by the same south fourteen degrees west two hundred and twenty-seven four-one hundred feet to low water mark on Monongahela river; thence up said river south twenty degrees forty-five minutes east one hundred and fifty-three forty-five one hundred feet to the land of John Grey & Co., and thence by the same north forty-seven degrees east two hundred and ninety-seven ninety-nine one hundred feet to the beginning, and being the same premises conveyed to the said John Grey by Joseph Little, by deed dated November 4th, 1867, recorded in Deed Book vol. 114, page 480. Also, all that other lot or piece of ground situate in the county, township and State aforesaid, containing two acres, strict measure, bounded as follows: Beginning at a post on line of land of Wm. Watson, thence along the Braddock's Field Plankroad north twenty-eight degrees thirty minutes west sixteen sixty-two one hundred perches to a post; thence by land of Joseph Little south forty-seven degrees thirty minutes west eighteen sixty-two one hundred perches to low water mark on the Monongahela river; thence up said river south twenty degrees twenty-five minutes east seventeen forty-one one hundred perches to said Watson line; thence by the same north forty-seven degrees twenty minutes east twenty-one twelve one hundred perches to the place of beginning, and the same described in deed from Joseph Little to John Gray and others.

FOR SALE--REAL ESTATE.

FOR SALE.

A FARM OF 30 ACRES, on the line of the Connellsville Railroad, 27 miles from the city, in Elizabeth township, Allegheny county, Pa. The improvements are a fine two-story brick house, with ten large rooms and hall. A large frame bank barn, with No. 1 stabling, and all other outbuildings in complete order. One of the best of orchards, of all kinds of fruit. The soil is rich new bottom. This property adjoins the village of Buena Vista, and has the advantage of churches, schools, mills, stores, &c., and will be sold at the low price of $15,000. The improvements alone are worth at least all that is asked for the property, to say nothing about the land, which is worth for garden purposes at least $10,000. For full particulars call at my office, or WILLIAM A. BELL, Esq., on the premises.

ALSO, A FARM OF 40 ACRES, situated in Elizabeth township, Allegheny county, Pa., on the line of the Connellsville Railroad, about 18 miles from the city. The improvements are a new stone dwelling, with eight rooms; a good barn and other outbuildings. This property is offered at a very low price. Call and secure yourself a good bargain.

ALSO A FARM OF 120 ACRES, situated in Elizabeth township, Allegheny county, Pa., 17 miles from the city, on the Connellsville Railroad, opposite Elrod's Station, within 20 minutes' walk of the Station. The improvements are a frame house containing four rooms and kitchen, with a good cellar underneath; very good barn and other outbuildings. A No. 1 orchard, containing about 200 fruit bearing trees, all in good condition. 90 acres cleared land, the residue in good timber, underlaid with 23 acres of coal.

ALSO, A TWO-STORY BRICK HOUSE adjoining the Borough of Elizabeth, Allegheny county, Pa., containing 4 rooms and kitchen. Lot 60 feet front by 126 back to an alley. A good stable, wash house, bake-oven and other outbuildings. I am authorized to sell it at the low price of $1,800, on good terms.

ALSO, In the Borough of Elizabeth, a good two-story BRICK HOUSE, containing 4 rooms. Lot 120 feet square. Will be sold at the exceedingly low price of $2,500, on easy terms.

ALSO, My Farm, known by the name of "Willow Banks," situated on the Connellsville Railroad, 17 miles from the city, containing 79 ACRES, all in good condition. The improvements are a No. 1 brick house, two stories high, newly painted, containing six rooms, two halls running full length of the house. The house is situated on a beautiful knoll, is surrounded by fruit trees, shrubbery, vines and flowers, with a graded avenue running to the Yough. River. Also, a large frame bank barn, smoke house, wash house, coal house, bake-oven and other outbuildings, and a never-failing well of water. Two large orchards, containing from six to seven hundred fruit trees, nearly all in good bearing condition. This farm abounds in small fruits, viz: Currants, raspberries, gooseberries, and a fine large strawberry patch, which, in connection with the richness of the soil and nearness to the city, makes it very desirable for gardening purposes. Very convenient to schools, churches, stores and blacksmith shop.

ALSO, A FARM OF 158 ACRES, situated in Elizabeth township, Allegheny county, Pa., 31 miles from the city of Pittsburgh, on the Connellsville Railroad, at Suter Station. The improvements are a common log house, a good frame barn, with stabling for ten horses, and corn and wagon shed; good orchard of fruit trees; fencing very good. 120 acres cleared, the residue in heavy timber land. This farm is valuable—first, for its excellent soil; secondly, its timber; and thirdly, it contains more limestone than any other farm in Pennsylvania, all accessible. The lower vein of limestone is 40 feet thick; several other veins ranging from 3½ to 6 ft. in thickness, lie under the whole farm. For particulars enquire of ELI SUTER, Esq., at Suter Station, or at my office.

ALSO, 174 ACRES, situated in St. Clair township, Westmoreland county, Pa., near the line of the Pennsylvania Railroad, at Houston Station. The improvements are a two-story frame house, with six rooms and good cellar, a frame bank barn 40 by 60 feet, and other outbuildings. There is on the place a young apple and peach orchard; one hundred and twenty acres cleared land, divided into fields of convenient size, a large portion of which are well set in clover and timothy; the residue of said tract covered with good timber. It is well watered, and underlaid with coal and limestone, and is convenient to churches, schools, stores, mills and blacksmith shops. A real good bargain is offered in this excellent farm.

ALSO, A beautifully situated tract of 60 ACRES of valuable land, under good fencing, situated in McCandless township, Allegheny county, Pa., on a turnpike road, 7 miles from the Market House, Allegheny City. This tract is well adapted for a garden or dairy farm, being convenient and of easy access to either city, and near enough to the line of the Pittsburgh and Butler Railroad to be desirable for country seats, for persons doing business in the city.

ALSO, The best farm in Young township, Indiana county, Pa., 4 miles from Western Penna. R. R. at Livermore station, containing 300 ACRES—225 acres cleared and under No. 1 fencing, as well as due farming condition; the balance in good white oak timber. The improvements are 2 two-story frame houses, nearly new, of eight rooms each and finished basements and attics; a large bank barn 50 by 80 feet, a two-story spring house and other necessary outbuildings, all in good order; 5 acres of orchard of choice varieties of fruits; 4 feet vein of coal now opened, underlaying the whole tract, and limestone in abundance, with plenty of springs of never-failing water. Taken all together—houses, fencing, soil, nice lying surface, public highway, churches, school of no more inviting and desirable tract of land in Western Pennsylvania.

ALSO, FARM AND MILLS. A small tract of 60 ACRES of very valuable land in Derry township Westmoreland county, Pa., well fenced and in high state of cultivation, with new frame dwelling, and other outbuildings; a new grist and saw mill complete, with two run of burrs, two bolting cloths, and the needed fixtures, in good order, and a young orchard of choice fruits; lane is all underlaid with a six foot vein of coal, now opened and worked, at the back of the mill, and limestone in abundance. Call soon and secure a good bargain.

ALSO, FARM OF 160 ACRES, situated immediately upon the line of the Pennsylvania Railroad, at Blairsville Intersection, 54 miles east of the city. The improvements are a two-story stone house of 8 rooms, a No. 1 barn, 45 by 65 feet, the best of stabling and other outbuildings. The land lies well, is well fenced, is in good farming order, and will be sold very cheap if applied for soon.

CITY AND SUBURBAN.

Route for Sale.—A splendid Route in Allegheny City, with over four hundred subscribers, can be bought by an energetic man who will give his entire attention to the route. Apply at the GAZETTE Counting room on Wednesday, between the hours of 9 and 10 A. M.

Be at the polls early to day.

Allegheny is being sewered rapidly.

The election excitement will culminate today.

The Allegheny Police were paid off yesterday.

All was quiet at the Aldermen's offices yesterday.

Watch every stranger who attempts to vote to-day.

Yesterday was another good day for the coal dealers.

Five Saturdays will be included in the present month.

Allegheny furnished not a single police item yesterday.

Travel on the Passenger Railways is quite large at present.

Spend an hour or more for your country at the polls to-day.

See to it that every Republican vote is brought out to-day.

The foundations for the new City Hall are almost completed.

There is talk of uniforming the letter carriers. A very good idea.

Let the various Vigilance Committes work with due diligence to-day.

Election officers should be promptly on hand at the polls this morning.

Merchants are expecting a heavy trade to succeed the election excitement.

Keep your street doors locked. Hell sneak thieves have commenced operations.

Personal.—Rev. S. L. Campbell is now teaching a public school on "The Island."

The Democratic Torchlight procession, arranged to come off last night, was indefinitely postponed.

Played Out.—Base ball for the present season. The last game took place at Union Park on Saturday.

Remember one vote may to-day be worth an hundred any other time. Don't fail to deposit yours early.

The Country will be safe if every Republican in Pennsylvania does his full share of work to-day for Grant and Colfax.

The average cost of paving the streets of Allegheny last month was a fraction over six dollars and a half per foot.

Board Walk.—The property owners on Broad street, in the Ninth ward, have constructed a board walk along that thoroughfare.

The Fight is not over till the last man puts in his ballot to-day. Let no Republican rest but do a good square day's work for his country to-day,

Afloat.—The rise in the rivers set afloat a number of the rafts and other small craft which have been lying aground at the Point for some time past.

Postoffice Change.—Postmaster McClelland informs us that after to-morrow (4th inst.) the Postoffice will be opened at seven and a half o'clock instead of seven, as at present.

Look out for bogus tickets. Compare yours before you vote with the one at the head of our editorial columns, and see that every name is correct, or you may lose your vote through irregularity.

If Every Republican votes to-day in Allegheny county, Major Brown's famous Chicago pledge for ten thousand majority will be more than redeemed. Who will refuse to vote on so important an occosion?

The "Great Republic."—An order was issued yesterday from the U. S. District Court, at St. Louis, for the sale of the steamer "Great Republic," for the payment of a number of debts outstanding against her.

Meet To-night.—Should a quorum be present a regular monthly meeting of the Allegheny Board of School Controllers will be held this evening at seven and a half o'clock in the Common Council Chamber, city building.

Lost.—The Columbia Fire Company of Allegheny, on Saturday evening, while answering the alarm from Box 42, lost the brass cap used for attaching the hose to the fire plug. The finder will confer a favor by leaving it at the Engine House.

Taken Over.—Teddy McCarthy, sentenced for seven years, John Grogan for one year, and John Keslar one year, all charged and convicted of felonious assault and battery, were taken over to the Western Penitentiory, by Sheriff Cluley, yesterday.

Sent to the Hospital.—George Miller, from Webster, Westmoreland county, was picked up on the Pennsylvania Railroad, yesterday, some distance from the city, in an almost insensible condition. He was brought to the city and sent to Passavant's Infirmary.

A Wife Beater.—Lena Craft made information before Justice Heisel, of East Birmingham, yesterday, charging her husband, Casper Craft, with assault and battery and abandonment. She alleges that he beats and abuses her, and refuses to contribute to her support. A warrant was issued.

A Great Newspaper Enterprise.—As will be observed by reference to prospectus, *Moore's Rural New-Yorker* is to be nearly doubled in size and otherwise materially improved. The *Rural* is already the most popular national weekly of its class, but the proposed change must largely extend its circulation and influence.

A Ruffian.—Some cowardly ruffian on Saturday evening last, about nine o'clock, attacked an old lady on Second street, between Smithfield and Grant, knocking her down and beating her until she was insensible. The assailant is unknown, and no cause can be assigned for the assault. The lady is about sixty-five years of age, and sustained very serious injuries.

The Concert Last Night.—The second grand Concert on the mammoth new organ of the Third Presbyterian Church, by John Henry Willcox, Mus. Doc., Boston, was attended by a large and appreciative audience. The programme was quite attractive, and the gifted professor sustained his high reputation, being frequently rewarded with hearty and enthusiastic applause,

Excelsior Hall.—We are glad to be able to announce that this popular Hall, situated on Federal and Lacock streets, is now ready to be occupied for public use, having been renovated and improved in various important particulars, and as it is the largest and most comfortable hall in that city we bespeak for it a large patronage of the managers of concerts, lectures, exhibitions, &c.

Every Republican vote cast to-day for Grant and Colfax will be a vote against the new rebellion.

Apoplexy.—Our esteemed fellow-citizen, Allen Kramer, Esq., of the Central Bank, fell in a fit of apoplexy at half-past two o'clock yesterday in his banking office. Medical aid was at once summoned, and after he had sufficiently revived he was conveyed to his home in East Liberty, and at last accounts was considered convalesent.

Overcoat Stolen.—On Saturday night some sneak thief entered the hall of Mr. Philip Wirtz's residence, located in the Eighth ward, Allegheny, and carried off a valuable overcoat, which Mr. Wirtz had just bought a few hours previously. The family were at supper at the time, and supposed that the front door leading from the street into the hall was locked. No trace of the thief can be discovered.

Billiard Match.—Harry Warren and Dick Stafford, amateurs, played a match game of billiards in Birmingham last evening, of one thousand points for the champion cue of that borough. The game was won by Warren, he beating his opponent one hundred and eighty points. Lon. Hauch was judge for Warren, Barney Kennedy for Stafford, Henry Metz marker and —— Lorne referee. The playing on both sides was very fine.

The Average.—The Clerk of the U. S. District Court did a thriving business yesterday in the matter of making democratic voters. In one batch of a dozen a Republican was smuggled in, and when the time came to sign the all-important documents he was the only one who could write his name. This is about the usual average of intelligence between the members of the two parties, and shows to which of them the intelligent voters belong.

Those of our readers who reside in the neighborhood of East Liberty, and all others who may pass over the Frankstown road, should not fail to drop in and see the fine stock of cigars, smoking and chewing tobacco on hand at the store of our esteemed friend Mr. W. G. Anderson, near the Greensburg turnpike. His assortment is very fine, and those who indulge in the pleasures of the weed should not pass his door without trying some of his favorite brands. Give him a purchasing visit.

Tanner Parade.—The Fourth Ward Tanner Club, Seventh and Eighth Wards Marching Phalanx, and the Eleventh Ward Tanner Club, uniformed, bearing torches, and preceded by a brass band, paraded through the principal streets of the city last night. The Eleventh Ward Club formed the right of the line, and a company of Ku-Kluxers brought up the rear. Each of the Clubs made a fine appearance, and marched unusually well, moving along in that regular military order, which is the result alone of careful military training and proficiency in drill.

The Homeopathic Hospital and Dispensiary, located on Second avenue above Smithfield street, is open daily, (except Sunday), between the hours of ten and twelve o'clock, where persons unable to employ a physician or procure medicine, may receive proper medical treatment free of charge. During the month of October there have been two hundred and twenty-six prescriptions issued, some of the cases requiring surgical treatment. At present the number of patients in the hospital is much larger than at the same time last year, and the general condition of the institution is very encouraging. It is a most praiseworthy enterprise and we are glad to hear of its success.

Disorderly Conduct.

George Weisenberger made information before Justice Heisel, of East Birmingham, charging Lena Goodbellar with disorderly conduct. He alleges that Lena is a neighbor, and a very bad one. She abuses his family, &c. A warrant was issued for her arrest.

Lena Gernig made information before the same magistrate, charging John Shaffer with disorderly conduct. She alleges that he followed her on the street Sunday evening and insulted her. A warrant was issued for his arrest.

Almost a Fire.

A few days since, while a train was passing an oil refinery, on the Allegheny Valley Railroad, in the Seventeenth ward, where a train of thirty or forty cars, loaded with oil, was standing, a spark from the locomotive fell on one of the oil cars, and in a moment the loose oil on the top of the car was in a blaze. Mr. Livingston, of the firm of Livingston & Bro., who was standing near at the time, and seeing the imminent danger of a conflagration, pulled off his coat and with it smothered the flames, and thus averted the destruction of the entire train and perhaps a vast amount of property.

Enforcing His Demands.

Jacob Weigel made information before the Mayor, yesterday, charging Peter Donnelly with assault and battery and malicious mischief. Weigel is the proprietor of a drinking saloon on Penn street, in the Ninth ward, and he alleges that the accused came to his establishment on Sunday and demanded admittance, which was refused him. He then went to the back door of the house and forced an entrance by kicking the door down, after which he demanded whisky, which was also refused him. For the purpose of forcing a compliance with his request, he attacked the proprietor of the establishment and beat him shamefully and then "broke things" generally. A warrant was issued for his arrest.

Fatal Accident—Man Crushed to Death.

A most horrible accident occurred yesterday at the "Kensington Iron Works," on Second street, between two and three o'clock, resulting in the death of Alexander Williamson, an employee in the establishment. It appears that Mr. Williamson was engaged in oiling some of the gearing, when he slipped and fell into the cog-wheels which drive the machinery, when he was literally crushed to death. Coroner Clawson was notified and held an inquest on the body, when the jury returned a verdict of accidental death.

The deceased was about thirty-one years of age, and leaves a widow and two children. Messrs. Lloyd and Black, his employers, speak in the highest terms of the unfortunate man. They say he was a sober, industrious man, and that he has been in their employ for over seven years, during which time he never lost a day when the mill was running.

To Be Enforced.

Some time ago the Allegheny Councils passed an ordinauce in relation to the running at large of hogs within the city limits. The ordinance provides for the seizure of all hogs thus found, and the confiscation of the animal or the imposition of a fine of five dollars upon the owner. It further forbids the maintenance of any hog or hogs in styes within the city limits.

Owing to the warm weather and the consequent impossibility of the owners of stock in this line to comply with the ordinance, it has not hitherto been rigidly enforced. Hereafter, however, its provisions will be strictly enforced, Mayor Drum having given his police instructions to that effect. This is rendered more imperative at the present time on account of the progress of the Park Improvements, which are now in such a condition as to be liable to very great injury from the depredation of these animals. Owners and others interested would do well to remember this notice and act accordingly.

The Incendiary Fire—New Developments—Additional Arrests.

Since the arrest of Barney Duffey, suspected of having set fire to Bell's trunk factory, some weeks since, new developments have been made in the case, and facts have transpired implicating several others in the affair. It appears that shortly after Duffey's arrest he made a "clean breast" of the affair, or in the language of "professionals," he "peached on his pals." His statement which should have no more weight than it is justly entitled to, since it implicates a very respectable citizen, is as follows:

He states that several weeks before the fire, Mr. Bell came to him and proposed to pay him liberally if he would set fire to the establishment and burn it down. He did not agree to do so, neither did he object, but some days afterward, when the affair was again mentioned, he says he flatly refused to have any hand in the work. Notwithstanding his refulsal, however, he states that he afterwards, at the request of Mr. Bell, secured the services of Charles Prout, a blacksmith, who was at that time working in Shaffer's carriage shop, and John Graham, one of the hands employed in the trunk factory, to do the work, and also secured an interview between them and Mr. Bell. Mr. Bell, he says, gave him twenty dollars, and promised to do better when he obtained the insurance money. The day before the fire, he says, Mr. Bell bought a pound of candles and gave them to him, and that he gave them to Prout and Graham, and that the arrangement was that Prout should start a fire in the cellar, first in the front part and then in the back part where there were several barrels of varnish; and while he was thus engaged, Graham was to start a fire in the third story. He further states that he and Mr. Bell were both absent from the city on the night of the firs, and that he (Duffy) at the time of giving Prout and Graham the candles, and as appears from his own statement, completing the arrrngements for the destruction of the building, he gave Prout and Graham five dollars each, and that Mr. Bell afterwards gave them ten dollars each. How he learned this fact he does not state. He further says that on Saturday last he came to the city, and meeting Mr. Bell informed him that he was going to give himself up to the Fire Marshal and make a confession, but that Mr. Bell persuaded him not to do so; gave him fifty dollars and advised him to leave the city. He took the money, returned to McKeesport where he had been staying since the fire, and gave it to his wife, and intended to go down the river yesterday morning on a a tow beat had not the officers arrested and placed in the lock-up to await a hearing which was to have taken place yesterday, but owing to the absence of Mr. Bell was postponed until Thursday next at four o'clock.

From other circumstances it appears that Duffy made a confession to Fire Marshal Murphy, about two weeks since, implicating Bell, but said nothing about Prout and Graham having anything to do with it, and upon this confession a warrant was issued for the arrest of Mr. Bell, but at the request of the Marshal himself, who, doubtless, had but little faith in the confession, the officers did not execute the warrant. Mr. Bell was, however, informed by his attorney, John W. Taylor, Esq., that there was a warrant for his arrest, and that there would be a hearing in the case at three o'clock, at which he promised to be present, but for some cause failed to appear.

The statement of Duffy is not as satisfactory as it should be, as he makes conflicting statements about the affair, and has from his own acknowledgment been endeavoring to extort money from Mr. Bell, and unless it is strongly corroborated by other circumstances, would have but little weight with a jury. How he came to implicate Prout and Graham, we could not ascertain positively, but learn from other sources that he said nothing about them having any hand in the affair until after they were arrested. As the matter will be fully investigated, the public should suspend its verdict until such time as a jury shall pronounce upon the guilt or innocence of all implicated in the affair.

Pittsburgh Medical News and Health Reporter.

This valuable Quarterly is once more upon our table, and, as usual, is replete with good news to the afflicted. Its editor and publisher, Prof. L. Oldshue, formerly of the Philadelphia University of Medicine, has for many years been one of the most successful physicians in the State. On his office books is the names of over *sixty thousand persons* who have been treated by him, and in nearly every case successfully. Among the diseases mentioned in the present issue of the Quarterly, we note Consumption, Liver Complaint, Dyspepsia, female diseases, Scrofula, Nervous diseases, Renal Affections, Dropsy, Affection of the Kidneys, and Rheumatism, beside general illnesses and their mode of treatment.

The Uroscopian system, which is advocated with ability in the Magazine, and practised so successfully by its editor, is rapidly becoming the acknowledged one of the Faculty in general, and Prof. Oldshue having been the first to systematise it, of course stands at its head.

The Quarterly will be sent free upon application. Address, or call upon, L. Oldshue, M. D., No. 132 Grant street, Pittsburgh, Pa.

The Market Street Fire.

Our readers will remember the fire which occurred at the clothing store of M. Hanauer, No. 62 Market street, on the evening of Saturday, October 24th. It was surmised at the time that the fire was the work of an incendiary, and the Fire Marshal commenced an investigation immediately, which resulted in the arrest of Mr. H. on a charge of setting fire to the premises. The principal evidence, or rather suspicion, against Mr. H. seems to be the alleged fact of his having left the store but a short time before the fire was discovered—about twelve minutes previous. We are not in possession of all the facts, but as far as we could learn this is the principal evidence supporting the charge. The accused was arrested by officer McCready, yesterday, and taken before the Marshal, when he waived a hearing and gave bail for Court in the sum of $3,000. Mr. Hanauer has heretofore borne an excellent reputation in this community, and he now affirms his entire innocence of guilt in the matter, and states that proof of his assertions will be forthcoming at the proper time. It is but just and fair to him that public judgdment should be withheld until he has had an opportunity of vindicating himself.

Rowdyism on the South Side.

The rowdyism which has been so prevalent in this city for months past seems to have extended itself to the South side of the river. Saturday night a party of ward politicians were collected on Carson street, near the Birmingham Postoffice discussing the merits of their favorite candidates, when George Robinson, a resident of Centre street, in that borough, got into a dispute with a stranger, who drew a pistol and fired at him, the shot taking effect and the ball lodging in the fleshy part of the right arm. As soon as he fired the shot he ran, and although there were a number of persons in making his escape and no one knew who he was or where he came from. It is thought, however, that he belongs to Pittsburgh as a man crossed the Birmingham bridge in a great hurry shortly after the occurrence, who answers the discription of the fellow who did the shooting.

Sale of the Choice of Pews in the New Third Presbyterian Church—Names of Purchasers and Amounts Paid.

Yesterday morning, agreeably to public notice, the choice pews in the audience room of the new Third Presbyterian Church, were sold under the hammer of J. D. Bailey, Esq., the well known and accomplished stock broker and auctioneer. The attendance was reasonably large, and for a while the bidding for choice pews, or rather for a choice of pews, was very spirited, but towards the close all present appeared to be supplied, as the bids were small and seldom put in. The plan was as follows: The Trustees of the Church selected the choice pews in advance and levied an assessment on each of from $50 up to $1,000, to be paid by the purchaser over and above the amount he bid for his choice. The following is a complete list, and order of choice, of the pews disposed of and the prices obtained:

There yet remain for sale ninety-three pews, the value of which has been assessed at $16,175. Altogether there are two hundred and ten pews in the Church, fifty-eight of which have been sold, ninety-three assessed but not sold, and fifty-nine unassessed. The sale was adjourned till next week, when it is thought the remaining pews will be taken.

Monthly Reports.

PITTSBURGH MAYOR'S OFFICE.

The following is a statement of the business done at the Pittsburgh Mayor's office during the month of October: The whole number of arrests for drunkenness, disorderly conduct and vagrancy, and entered on the watch house docket was two hundred and eighty-one. Of this number fifty were for vagrancy; one hundred for drunkenness, and one hundred and thirty-one for drunkenness and disorderly conduct. They were disposed of as follows: Fifty-seven paid fines imposed; one hundred and five were committed for periods ranging from twenty-four hours to thirty days, and one hundred and nineteen were discharged. Twenty-one informations for disorderly conduct were taken through the day and entered on the day book. Small fines were imposed and paid in all of the latter cases. There were also about six cases of violations of the City Ordinance, the offenders being punished by small fines. In addition to the above, there was an average each day of two Court informations, but, of course they did not all reach the Court, having been amicably settled by the parties concerned or dismissed for want of evidence. The largest number of informations were for surety of the peace and assault and battery.

ALLEGHENY MAYOR'S OFFICE.

During the month of October the following cases have been disposed of at the Allegheny Mayor's office: Drunkennss, 106; vagrancy, 22; horse stealing, 2; surety of the peace, 2; selling liquor on Sunday, 1; disorderly 116; breach of city ordinance, 11; assault and battery, 7; selling liquor to minors, 1; larceny, 4. Total, 272. Of these there were jailed, forty men and eleven women; held for Court, seventeen; paid fines and discharged, two hundred and four.

CORONER'S INQUESTS.

Coroner Clawson held the following inquests during the month of October:—Samuel Black, an elderly gentleman, resident of Rochester, Pa., death from apoplexy, Sarah Burk, death from apoplexy. Twelth ward: Wm. Chalfant, killed by falling from a stone train on the Pan Handle Railroad; George Gillmore, fireman, killed by the explosion of Engine No. 12, on the Connellsville Railroad; Patrick Malone, killed by a sky-rocket fired from one of the wagons in the Democratic procession on Ross street; George Georing, death from suicide; John Ramaley, by being struck by the steps of a car of the Connelisville Railroad, at Dam No. 1; an unknown man found drowned in the Ohio, at the head of Brunot's Island; Wm. Daley, killed on the Pan Handle Railroad, at Noblestown, by Engine No. 7; Emma J. Sawyer, a little girl, death from natural causes; Mrs. Margaret Engle, death from natural causes—total, eleven.

A New Era in the History of American Glass Staining.

A popular American writer in a series of articles, relating almost wholly to domestic affairs, dwells at length upon the tranquility, comfort, power and refinement of such a common affair as a house. We have been led to think that the author in question might have pursued the topic still further, and contrasted uninviting, cheerless, ill-constructed, and ill-arranged *habitations*, with tasteful, roomy, bright, thoroughly ventilated, heartsome *homes*. We think it would not be difficult to demonstrate that a handsome modern dwelling, with all the modern improvements, unpretentious, yet providing permanent comfort, is as much superior to a house built hap-hazard, with narrow halls and stairways, dark landings and gloomy exterior, as the latter is to the "lodge" of an Indian, or a cave. A house should do something more than merely shield us from sunshine or frost. It should contribute to social beauty as well as personal comfort. The exterior architectural beauty should be secondary to the interior appointments. We know Mrs. Petroleum or Mr. Shoddy would pronounce in favor of the magnificent exterior, but we are thinking now of manners and those inventions which contribute so much in an indirect way to awaken the finer faculties. The noticeable improvements in the appointments of our public as well as private buildings show clearly that the majority of the community are of the same way of thinking. This is specially true of Church buildings, while he must be blind indeed who fails to observe the remarkable improvements in our school buildings. In the former the United States bids fair to rival the architectural beauty of the old world. Everything in the way of a decorative form, requiring invention, genius, skill, time and patience, not to mention laborious study, can—*has* been accomplished by American artizans. In all our large cities, instead of the unbroken white glare which was formerly the rule in our churches, the light is softened or subdued. In the West, where, forty years ago, the trapper and hunter plied their avocations, great cities have sprang up which vie with the East in decorating their public and private buildings. It is this fact that warrants the belief that with a little more time and experience the American artizan will soon take up the lap between himself and the European artizan, despite the experience possessed by the latter, an experience embracing the history of many centuries. In the matter of church ornamentation, thanks to the spirit of progress which pervades the country, we have made enormous strides within the last twenty-five years. The taste displayed in staining and enameling church glass is in itself remarkable. We no longer depend upon the foreign manufacturer for designs, or a durable article. This fact was never rendered plainer to us than upon a critical examination of the stained, enameled and ground glass manufactured by Messrs. Page, Zellers & Duff, the well known glass manufacturers of this city. The success of this firm, which recently combined glass staining and enameling with glass making, is something to be proud of. Possessing extraordinary facilities for the rapid execution of an almost unlimited amount of work, they still devote their exclusive attention to the object of producing a superior article. "Excellence" seems to be the motto of the establishment. It is to this fact more than anything else that we must attribute the success which has attended their efforts thus far. Formerly, it was extremely difficult to obtain anything but stereotyped patterns, unless the consumer consented to an interminable delay, occasioned by the limited facilities of parties engaged in glass staining alone. And even then the consumer was limited to the size of the sheets. A sheet five or six feet long, and from two to three in width was a marvel we never came across. Small sheets were the rule. Now, however, the manufacturer steps in to our aid. His facilities enable him to produce a large sheet possessing an area ten or fifteen times larger than those we have been compelled to accept, in a space of time equally short.

A large transom, such as is required for the largest vestibule for a church or a private residence, without the marring effect produced by a sash, a handsome transom for a business house, with the style of the firm elegantly designed, chaste and neat, of any size or pattern, can be furnished by the manufacturer in the same time that the glass stainer formerly occupied in finishing the smallest piece of glass. It is this fact, and the fact that Messrs. Page, Zellers & Duff are determined to devote every effort to attain the greatest perfection in the art, that leads us us to believe we are upon the eve of a new era in the history of American glass staining.

Amusements.

OPERA HOUSE.—Miss Helen Western commenced an engagement at the Opera House last evening, and although the audience was rather meagre, she made a decided impression and will doubtless draw full houses during the rest of her stay in the city. The piece presented was "The Flowers of the Forest," with Miss Western as Cynthia. To-night "Green Bushes, or Ireland an hundred years ago," is announced. In this Miss Western has few if any equals.

ACADEMY OF MUSIC.—The Opera season at the Academy of Music will open this evening by the Riching's Opera troupe, when will be presented Flotow's great opera of "Martha." We observe in the cast the names of some of the favorite English opera singers, and have no hesitancy in predicting a magnificent entertainment. Wednesday evening the "Bohemian Girl" will be presented. The box sheet is still open at Mellor's.

MUSEUM.—Major Burnell continues to add new attractions to his already fine collection of natural and artificial curiosities at Franklin Hall, and it is now one of the most interesting and attractive places of amusement in the city.

NEW YORK, August, 7th, 1868.

MR. EDITOR:—Several of your correspondents, very old *old* and *respectable* no doubt, seem to be wonderfully exercised as to the origin of our PLANTATION BITTERS. So long as these Bitters are all that we represent them to be, we do not know that it makes any difference from whence they come, or from whence they originated; but for the information of the public generally, and old *Capt. Wentz* in particular, we will say that he told the truth, and that these Bitters originated in the West India Islands—that many of the ingredients have been favorably used for over a century, but our combination of Cailsaya is entirely new, and our own. The rum and other materials are the same, and as your correspondent says, a better Bitters and Tonic is not made. We recommend them particularly for dyspeptics, fever and ague, debility, loss of appetite, and in all cases where a tonic and stimulant is required.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price. TH.S.T:F.

"A Slight Cold," Coughs.—Few are aware of the importance of checking a cough or "SLIGHT COLD" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. *"Brown's Bronchial Troches"* give sure and almost immediate relief. *"The Troches"* have *proved* their efficacy by a test of many years, and have received testimonials from eminent men who have used them.

Gothic and Plain Chimney Tops, Drain Pipe and Tile, at Ecker & Caskey's, 167 First street.

Suburban Lots at Auction.—The special attention of parties contemplating the purchase of a nice country lot, preparatory to building in the spring, is directed to the highly attractive sale on Wednesday, (tomorrow,) at 2 o'clock, of 12 beautiful sites of 1 to 6 acres each, on R. H. Davis' estate, between Jacks Run and Verner, 3 miles from town. The location, scenery, neighborhood and facilities for travel are all that could be desired. Call for tickets and plans upon A. Leggate, Auctioneer, 159 Federal street, Allegheny.
